FOR THE RECORD

HERE COMES THE JUDGE

On July 4, 1987, Dr. Robert W. Meagher was sworn in as a Judge of the Federal Court of Citizenship of Canada. Our students will miss his wise counsel and his classroom expertise, and the entire St. Andrew's Community will feel the loss of his presence. We all wish him another fulfilling career.

WELCOME TO THE FOLD

In September 1987, SAC will be welcoming many new faces. This year a large number of new masters are joining us. They are:
Mrs. K. Carson as Librarian.
Mr. T. Fish as a teacher of Economics, Geography and Computers.
Mr. D. Galajda as a teacher of Biology.
Mr. S. Harper as a teacher of History.
Mr. T. Salema as a teacher of Science and Math.
Mr. J. Greenwood as a teacher of Math replacing Mr. Dunford for one year.

PINCH HITTING IN THE CLASSROOM

The school was fortunate to have the services of several student masters this year. Lloyd Gough and Peter Found came to us from Waterloo to help in the Mathematics Dept., while Gary Ponzo, also from Waterloo, and David Cochrane, from Scotland, were most helpful in the English world. Thanks again guys!!

Gary Ponzo and David Cochrane

MOVING HOUSE

The end of this year brought forth many changes in the housemastering positions at the school. Mr. M. Hanson becomes the seventh Housemaster of Macdonald House, Mr. P. Robinson became the sixth Housemaster of Sifton House and Mr. D. Whitehead becomes the second Housemaster of Laidlaw House.

THANKS HARRY

Midway through this year Harry Merrikin, the school plumber, retired from St. Andrew's after many years of dependable service. Over these years Harry was always able to keep the drains of St. Andrew's open by fishing out anything from utensils to squash balls. We wish him all the best in the years to come.

GENERAL ROHMER SPEAKS

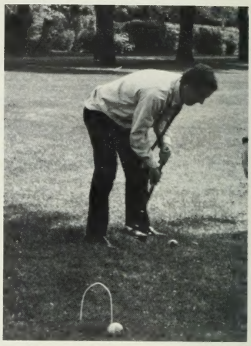
The staff and students were the guests of the Ladies Guild in May to hear General Richard Rohmer speak. Those in attendance were pleased to have had the opportunity of listening to this well known individual.

WEDDING BELLS RING AGAIN

When Stephen and Marilyn Kimmerer were married in December 1985 little did they know that they had started a trend. Six months later the Joneses were married, and six months after that on December 27, 1986 Michael Hanson and Diane Austin were married in the school chapel, the first time in the history of St. Andrew's that two teaching staff members wed. Barb Thomson's wedding to Karl Annis followed only half a year later in Orillia on July 11, 1987. The question is: Who will be next???

GIRLS GALORE

Over the past school year three staff members and their wives were blessed with new additions to their families. On October 10, the Clements delivered their second child, Caitlin Ashley, while on June 15, the Jacksons were proud parents of their second child, Emma Elizabeth. The Josselyns were also pleased to announce the birth of their first child, Alison Patricia on July 26. Congratulations to all.



FIRST TEAM CROQUET

In the early days of the summer vacation, the Headmaster commissioned a task force to study the feasability of having croquet as a representative sport at SAC. The members of this group were Messrs. Kimmerer, Timms, Robinson, Hanson, West and Paolini. The above photo shows the proper technique for contacting the ball as demonstrated by Mr. Peter Robinson. The group will report to Mr. Bedard by September after a summer of nibbling on cucumber sandwiches and sipping tea.

MIRIAM WADDINGTON

MIRIAM WADDINGTON was this year's Distinguished Author. She visited us on Tuesday 5 May to read her poetry to every boy in the school and answer our questions. With her friendly attitude and her honest responses, she redeemed her profession from the damage done by her arrogant predecessor (who shall be anonymous).

Ms Waddington is an astonishing woman. She spent the first half of her life as a social worker - writing poems like 'Prison Portraits' - before becoming a fulltime poet. She has written more than a dozen books; her poems have been translated into many languages like Russian and German; they have been set to music, and have stimulated artists. The poems are written in simple language, without rhyme or rigid

format, but each offers a challenge. 'Start with an image, a word, or a phrase,'' she says. She deplores the overemphasis on facts; 'write what you don't know you know', she advises. 'Use your feelings!'

We didn't do Ms Waddington the justice of supplying a mike, but she succeeded in diverting all of us, interesting many, and inspiring some.

CLAN SPIRIT

Trophies come and sometimes for no particularly good reason they are lost sight of and they drop out of circulation. Such is the case with an award made to the school by Wallace Clan at the end of the 1960's to be presented annually to the person who had made the greatest contribution to clan spirit around the school. It was first given to Mr. Lloyd MacPherson to whom we owe so much and then to students for the next five years. Then unaccountably it ceased to be presented and it sat virtually forgotten in an obscure part of one of our trophy cases for the next dozen years. Thanks to Paul Kitchen, a former winner himself of this very award, it was tracked down and brought to light. The citizen to whom we present it this year personifies the qualities of character that the award was intended to recognize. This student was a force for good, both in Sifton House where he lived and around the school as a whole. Quiet and unassuming, yet vigorous and enthusiastic, he raised the spirits of others wherever he was. On the skidoo he laid hundreds of miles of trails so that Nordic skiers could enjoy their sport on our campus. He efficiently organized topical clan debates between the senior houses. He gave dynamic leadership on the football and rugger fields. He has been, and remains, a loyal friend to all those with whom he associated. The winner for this year is Scott Armstrong. Thank you, Scott, we salute you!

SILENCE

There is a saying, worn through many years of use, which states that ''silence is golden''. Sitting in this Great Hall, I find that the old cliche contains much truth, although, upon consideration, and an attentive ear, the little noises emitted from noses, chairs, chairs, throats and pens hitting the paper can be quite deafening to one who is trying to concentrate. Off near the back of the hall, anonymous watches beep out the hour, adding to the agitation of those desperately trying to write something of value. But I mustn't complain, for this is about the best measure of silence to be obtained from one hundred fully conscious boys.

The search for ultimate silence can lead one to many places, each of these depending on the habitat from which this person seeks egress. For a person who works in the city, in a massive office tower, silence may be found along a back road, or in a grass field, anywhere where the sun shines, and cars and people one a thing of another world. For a prisoner or a convict, silence may be forced, and this type often find it unwillingly, in isolation, or during meals, or simply sitting in his cell. For a teacher, silence may be sought in a stall in the toilet, or in the empty common room, with a stack of papers and a coffee, or it may be found during the writing of an exam. A store clerk may find silence away from shops, a hockey player may find it far from the arena, or a soldier may discover it during a ceasefire.

Silence is a state of being necessary to attain an understanding of higher planes, or the depths of oneself; it is to be found in a monastery, where monks strain to seek enlightenment through total quiet, punctuated by a single monatonous hum.

Some cynics may claim that silence in today's world is impossible, unheard of, or completely unknown. I know that is not true. Take for example a pine forest deep in Northern Ontario, where no roads exist, no planes fly, and no towers dominate the landscape. Barring only the chirping of the birds and the flow of the wind, is this not silence? If not, picture caves, connected by a series of tunnels, far underground, where sound is quickly stifled and black is the only colour. Again, untouched by roads, having no planes flying through them, and containing no office towers, are these cavities in silence?

Simon and Garfunkel sang of the ''Sound of Silence''. If it is true that silence cannot accurately be defined, then doesn't it exist inside the individual, being a state where one is at peace? If internal peace can be obtained in many environments, then is it not true that silence can often be rather loud?

As the essay writing comes to a finish, there is a great rustling of papers, and an anxiousness which vents itself through creaking chairs. Silence has shown itself to these boys, whether they have listened to it, or not.

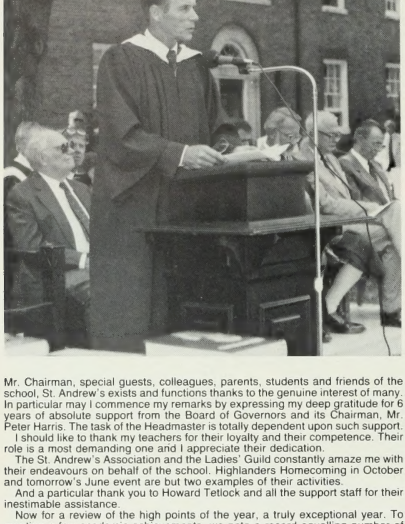
HEADMASTER'S PRIZE DAY ADDRESS



Mr. Chairman, special guests, colleagues, parents, students and friends of the school, St. Andrew's exists and functions thanks to the genuine interest of many. In particular may I commence my remarks by expressing my deep gratitude for 6 years of absolute support from the Board of Governors and its Chairman, Mr. Peter Harris. The task of the Headmaster is totally dependent upon such support.

I should like to thank my teachers for their loyalty and their competence. Their role is a most demanding one and I appreciate their dedication.

The St. Andrew's Association and the Ladies' Guild constantly amaze me with their endeavours on behalf of the school. Highlanders Homecoming in October and tomorrow's June event are but two examples of their activities.

And a particular thank you to Howard Tetlock and all the support staff for their inestimable assistance.

Now for a review of the high points of the year, a truly exceptional year. To mention a few academic achievements, we note a record equalling number of Ontario Scholars, the top Regional standing in the Descartes Mathematics Competition and a First place in the Junior Fulford Debating Tournament.

We have come to expect these academic achievements, but the gathering of outstanding awards on the athletic field is less common place. This year, a truly astounding performance by our First Hockey Team who secured the All-Ontario championship over all the Public and Private High Schools of the Province is worthy of special mention.

Much praise goes also to our First Football team for sporting an undefeated record in Independent School competition and to our Swim team which won its 3rd ISAA Championship in the last 4 years.

Although no official champions are declared below the First Team level, or in Regional or Provincial meets, it should be acknowledged that our second swimming, U16 Soccer, U14 Soccer and U14 basketball, the Track & Field Team and the X-Country ski team all brought honours to the school and confirmed the quality and depth of our athletic programme.

Some other highlights of the year included the incorporation of the student body in the Annual Meeting of the Ladies' Guild and its guest speaker, Richard Rohmer, the successful hosting of the National Debating Tournament, the memorable evening for 500 senior citizens on the occasion of the musical delight KISS ME KATE, the Carol Service, the Church Parade, the Cadet Inspection, Ski Day, the MacPherson tournament and Mayfest. Thanks to everyone who contributed to the success of these events.

There will be a number of faculty changes for next year. While we are losing some respected colleagues, we are confident that their replacements will take up the challenge.

First, after 17 years, Mr. Ted Harrison is retiring from the position of Housemaster of MacDonald House to assume the less frantic role of Head of our French department. During those 17 years, Ted, assisted by his wife Kathleen, launched the school career of 1300 young Andreans. His standards were based on values of the highest quality and he established a structure which would assure a strong way of life in the every day actions of our students. We thank you, Mr. Harrison, for your unflinching dedication, your boundless energy and your ever-receptive ear.

Mr. Harrison will be replaced by his very competent assistant of the last 6 years, Mr. Michael Hanson.

On the teaching roster for the past 10 years, but more recently the Commanding Officer of the Cadet Corps, our archivist, the force behind the resurgence of Volleyball at the school, our Librarian and competent organizer of the prizes for today's ceremonies, Mr. Ian Wilkie has joined the ranks of the entrepreneur as co-owner of Holland Valley Nursery. He will not be leaving us, however, as he will continue to tend to our beautiful grounds as our landscape architect.

The Board of Governors of Rothesay Collegiate School-Netherwood, formerly known as Rothesay Collegiate, a New Brunswick school founded before our own, has appointed Paul Kitchen as its new Headmaster. We are confident that our departing Housemaster of Sifton House will provide Rothesay with the direction it needs at this time. We shall miss Paul and his wife Ann, and the members of Sifton House will remember them with fondness. May our best wishes accompany them on their new journey.

Mr. Peter Robinson, presently Housemaster of Laidlaw House, his wife Michelle and their retinue, will assume the helm of Sifton House, while Mr. David Whitehead will replace Mr. Robinson as Housemaster of Laidlaw.

Dr. Macdonald and the founding fathers might well be turning over in their graves with the news that one of our teachers will be on leave of absence next year in order to produce a bouncing baby in the fall of 1987. I refer to Diane Austin, who married Michael Hanson last December, and who has taught History and Math for the past 6 years. Diane will be returning to full-time duties for the 1988-89 school year.

Whenever assistance was needed, whenever a service was requested, we could always count on Stuart Swan to fill the breech. Stuart has taught Geography and English for the past 2½ years. He has elected to accept the post of Head of Geography at Upper Canada Prep and to coach Rugger at the upper school level. May their Rugger team suffer at least one defeat per year from now on. Best wishes, Stuart.

Our French department, the X-Country running and ski teams and all of us will sorely miss Louise Cholette, with us during Mr. Hemming's sabbatical year. Louise has accepted a position at Havergal College for next year. Seldom has a newcomer made such an impact in so short a time.

Al Dunford from the Mathematics Department will be taking a sabbatical year during which he will study Physics and Math. To replace him for one year, will be Julian Greenwood, who is a former respected master of St. Andrew's and presently a successful lawyer in Vancouver.

There are 2 members of our para-academic staff who are leaving us. Mrs. Mary Pillage who has ably managed our bookroom, is retiring after 12 years of dedicated service. Every student's friend and advisor, Mrs. Jan Miller, our assistant-librarian, is joining the business world. We thank you both in the name of the boys you served so well.

New to our academic staff for the year ahead are Mrs. Kate Carson, the Librarian, Mr. Steven Harper who will be joining the History department, Mr. David Galajda with the Science department and Mr. Tony Salema for Mathematics. May we extend a warm welcome to them.

Earlier in the ceremony, we heard what 7 of our students said about their status at the various levels. It seems appropriate to complete the story by looking at the task of educating them, from the teachers' and the parents' point of view.

Whenever we have doubts about the effectiveness of education - we should refer to the following fable:

> There was once a rich gentleman whose aspirations were to earn the hand of a lovely maiden. But he knew that he was less than desirable, physically, socially and intellectually. He therefore decided to set out to remedy this impossible situation. He hired the best teachers and studied very hard in many disciplines over several months. At the same time he received an education in etiquette. He also went to see a famous artist whom he asked to construct a mask that would cover up his ugliness and transform him physically into a most handsome man.
>
> He then set out to the neighbouring village where this lovely maiden lived. Thanks to his startling intellectual growth and improvements in his manners and physical appearance, he developed a meaningful relationship with the young lady and quite soon marriage became a subject of discussion. However, the gentleman's deep-rooted qualities of honesty and integrity did not allow him to go through with this sham and he elected to tell the truth.
>
> At their next meeting and on the advice of his mentors, he made his confession and discarded his disguise. Sure enough, as you might have guessed, the face that appeared was that of the artist's concept - and he won the maiden's hand and heart.

There is a parallel in the role of the parent and the teacher. Constantly we are wondering whether we have an influence on the development of our charges when we urge them to abandon all disguise and to seek the truth. Is our influence strictly superficial? Are the lessons, the values the advice, - effective? Are they accomplishing what they are meant to? By recalling our story, maybe some of the ever-present doubts that afflict teacher and parent can be put in proper focus. Perhaps a person can become what he or she really strives to become.

The reorganization of the educational process (OSIS) in the Province - begun 2 years ago - which enables some students to complete high school in only 4 years, has produced unforeseen results. For instance, this year the effect of OSIS is that there are 6,000 more applicants to our Ontario Universities than there were last year, an increase of over 7%. Some programmes now require a minimum of an 85% average for consideration and in one instance, simply to join the Faculty of Arts, a 79% is needed. This places all 1987 high school graduands under a great deal of stress.

I should like to take this opportunity to extend our compliments to you graduands of 1987 for the maturity and dedication you have shown throughout the year. Grade 13s, you have received sound leadership from your peers, you took care of your academic responsibilities first and yet managed to provide the vital elements in one of the school's most successful years on the athletic fields, as I mentioned earlier. I am very proud of you.

Back to my story. The hero of our fable won the maiden's hand and heart by discarding his disguise. After his transformation, when he pursued the maiden as his real self, without pretense or guile, he discovered, to his delight, that he attained his goal.

We who parent, in reality or as teachers, can have our doubts disspelled if only our young men will put aside all disguises and go in earnest pursuit of the truth.

This is my hope and prayer for every member of this year's student body.

ST. ANDREW'S COLLEGE

ASSOCIATION

(L-R) 1987 year representatives Ian Howey, Mark Fell, Scott Armstrong and Tim Callaghan with Jim Herder '64 Director of Development for S.A.C.

The St. Andrew's College Association began as the Old Boys Association in 1904-05 and J.L. Ferguson was the first President. Current President is W.S. Marshall '67 who is General Manager of SLH Transport Inc., a subsidiary of Sears.

The Association now also includes parents, and past parents plus friends of the school. Representatives from each group are appointed to the S.A.C. Association Council, which meets periodically through the year.

Year representatives are appointed from each graduating class and they are primarily responsible for keeping contact with the school, helping with reunions and other functions of the Association.

The Association Council coordinates Homecoming in the Fall and the Association Dinner in the Spring. as well, the S.A.C. Business Club was launched in 1986 to provide Andreans with a forum to meet and exchange ideas with Andreans in similar or vastly diverse careers. The Business Club Luncheons are presently held three times each year.

The Association also provides various Old Boy participatory sports events throughout the year.

Jim Herder '64, is currently Secretary-Treasurer of the Association, a post he took up in September 1985. He was President of the Association 1979-82, as was his predecessor Jim Hamilton '33, who served as President 1948-50.

I.S.L. CHAMPS

Gord Ackerman has been at St. Andrew's for fifteen years and in that time he has won *four* football championships. Each championship is special and this year's was no exception.

As a first year coach with the 1st team I could really appreciate Coach Ackerman and all his expertise. As I was trying to cope with learning a new set of plays and coach the linemen, Coach would be able to see what *every* player was doing on each play. Then as mistakes were made he would inform the players of their misques, "Crimeny! Stoppenbrink!"

I was constantly impressed by his ability to see everything while the game was taking place. You would think he had spotters in the sky, maybe he did!

This 1st football team was without any major stars - we had 40 stars. It was team effort and a feeling of confidence in your fellow team members which allowed us to be 8-0 on the season. There was a feeling that St. Andrew's might never win another Football championship because our players were too nice and did not play tough enough. However, not only did we go undefeated but we were the class of the I.S.L. Our players stayed away from the cheap unnecessary roughness type of penalties which cost our opponents. We also were able to walk away from the cheap talk and insults of our opposition. It was our sense of belonging to this team and the feeling that "my teammates are depending on me to do my best for them", which allowed us to be the best in all aspects of the game.

The first game of the season was against Appleby, last year's I.S.L. champions. Most players were a little uncertain as what to expect. However, our quarterback, Paul Paletta, was very confident as he took control of the game early with a strong passing attack. Touchdowns were scored by Scott Armstrong, Ron Reardon and Steve Keating. Our defense led by James Rankin kept Appleby off the scoreboard till late in the game. Final: SAC 31 APP 7.

Our next opposition was T.C.S. who we played during training camp. The referees were calling no penalties that day as it was only a controlled scrimage. A number of late hits and unnecessary roughness plays resulted in Coach Ackerman deciding that we had had enough and we went home early. At S.A.C. our next meeting was different. Paul Paletta hit Ron Reardon on our first offensive drive for a touchdown. We never looked back. T.C.S. beat themselves with silly penalties that day. Our Defense again was solid with Anthony "Mouse" Reid tackling the quarterback for a safety touch. Other scorers were Glen Oliver, Bob Skinner and Maurice Dupre, all with touchdowns. Mike Brewer, after trying to rouse the defense in the huddle by saying let's get a defensive touchdown did just that on the next play by scooping up a fumble and running it into the end zone. FINAL: SAC 36 TCS 8.

Down at Ridley on a hot sunny Wednesday, our players felt as though they were at a country club on a day off! In the first half of the game they played as they felt, horrible. The play of the game was a kick off return for a touchdown by Patrick Keating, right after a Ridley score. Chris Walden played another strong two way game scoring two touchdowns and preventing many on defense.

Final SAC 24 Ridley 9

Game four against U.C.C. was a big game. The winner would remain undefeated and be in control of his own destiny. This was the "Mud Bowl of '86". The coaches stood in 6 inches of mud on the side lines and the field was as bad in some places.

All the scoring took place in the 1st quarter. Our defense held tough for the rest of the game and the offense put together a good running drive to eat up much of the time in the fourth quarter.

Final SAC 6 UCC 3

The second half of the season was not as easy as some of the 1st half games. T.C.S. now knew what to expect from S.A.C. and did a good job to shut down the offense. Their offense had a few new twists. T.C.S. scored a field goal and safety touch to go ahead 4-0. Slowly, ever so slowly, our offense started to click. On our only real sustained offensive drive of the game, which included some key catches by Mike Korchinsky and Bob Skinner, Skinner caught a Paul Paletta pass in the end zone for a touchdown.

Final SAC 7 TCS 4

The next game at Appleby was also played in the rain and mud. Appleby got off to a fast start scoring early on a fine passing play. Our defense adjusted well and quickly shut down their offense. When we finally got our offense going Maurice Dupre, Bob Skinner scored touchdowns while Chris Walden added a field goal.

Final SAC 16 APP 7

Ridley was our Homecoming opponents. They had not won a game all season and they came out determined to spoil Homecoming for us. Our defense played well, however they were burned for three plays all of which scored touchdowns. But this game belonged to Paul Paletta and his passing attack. Paul was near perfect on the day.

Touchdowns by Scott Armstrong, Bob Skinner and two by Glen Oliver provided our scoring this victory assisted us of the I.S.L. championship.

The last game could have been a disaster for us had the players not wanted to go undefeated. Comments like "You will remember this season forever if we go 8 and 0." "Remember these guys are from U.C.C. and they steal our girlfriends." helped to get the team psychologically ready to play. Rain and snow fell just as the game started. It was a hard fought game with Scott Armstrong scoring a touchdown and Steve Keating kicking a 40 yard field goal. Once again the defense played a large part in the victory. John Taylor, David Sommerville, Jim Plouffe, Louis Dumochel, Paul Stoppenbrink, Jim Rankin and Chris Walden play tough all season!

Final SAC 12 UCC 9.

The commitment and unselfishness all season had paid off. The Undefeated Championship season belong to St. Andrew's. The red leather would be worn with pride!

Coach Ackerman's dedication and hard work have been appreciated by all his players over the years, and this team will long remember their "Coach" during the fall of '86.

FIRST FOOTBALL

Coach Ackerman presents the Horton-Thompson Trophy to the Most Valuable Player of first football, James Rankin. The Horton-Thompson Trophy is given annually by the class of '79 in memory of their classmates, Tim Horton and Doug Thompson, who died in June 1984. James is the second winner of the award.

Although Second Football didn't win the championship this year, the team still had a successful season. The group had few players who stood out and thus our wins were due to a team effort. With a won-lost record of 4-2 we ended up in second place, both losses having been by a single point. This team featured a stubborn defence that held us in when the offence faltered and protected a lead when it was provided to them. The high point of the season was a victory over UCC, the eventual champions, in the final game of the season. This game proved to ourselves that our team was as good as any in the league. Perhaps a little more effort and dedication would have provided us with the championship, nevertheless, the season was a source of pride for all those who were on the team.

This year due to a shortage of coaches a combined U15/U16 squad was fielded, with personnel selected according to the age group of the team being played. Our performance in games early in the schedule suggested that this season could well be one of those "character-building" experiences coaches are wont to speak of when the win-loss record is not too favourable. But with perseverence our fortunes began to change. A victory against Ridley at Homecoming suggested that our efforts so far were not in vain. This was followed by a win at Lakefield and another win against Ridley to end a most successful season.

My thanks to Mr. Gough for his enthusiastic contributions to the team, and to Wilf Dinnick for the leadership he displayed as team captain. Kudos to our MVP Mike Smith who could have started at nearly every position, and our two MIP's, Rashid Khan and Bradley Harrison. And a special vote of thanks to Blair Leggett our tireless manager who made the lives of the coaches a tad less complicated.

Cross country running season this year was a very successful one. From local meets to OFSSA, our students performed excellently. The volleyball team, despite having earlier problems in the season, came close to winning the ISAA championship. The Saints won against T.C.S. in the semi-final only to walk away with second place ribbons after losing in the final round. The entire team was a good example of unity and great talent. They not only won many games, but developed sportsmanship and companionship throughout the season. Every man from first string to second string made it one of the best teams in the league. Since Volleyball isn't a one man game, one can only say it was because of the team and not of one individual that made it a great team.

Congratulations to all the players and coaches who were a part of First Volleyball and thanks to everyone who gave their support. Good luck next year and in the future.

SECOND AND U16 VOLLEYBALL

SECOND VOLLEYBALL

This was the first year of second Volleyball at SAC. Most of our team members were novice, but soon developed the fundamental skills under the talented coaching of Miss Thomson and Ms. Austin. Even though our record may not indicate it, we were a competent team which was shown when we hosted the final tournament. Special thanks to Ms Austin and Ms Thomson for organizing the tournament.

The Under 16 Volleyball team this year was different to say the least! When I first stepped on the courts in September and compared the talent this year to the team last year, I thought we were really going to clean up. After all, we broke through 50/50 in games last year, and we did have the fantastic coaching of Mr. Kranz.

There was the awesome spiking vertical of Dave Peacock, Mark Major and Jim Herder. There was also the great serving of Matt Harrison and Tom McMurrich, and what would we do without the bumping of Andrew Bulas and Marco Jones. Our main setters this year were Timothy Stuempel, Andrew Bulas and myself. But alas, whether there wasn't enough team spirit or just too much individual talent we ended up this year under par.

Thanks Guys,

The Under Thirteen group was characterized by enthusiasm and hard work, both of which were made easier by the success we enjoyed.

The skill and depth of the players was unusually high. There was a good balance but a particularly midfield and forward line.

We very much hope to be invited back to the Canadian Independent Schools U13 tournament, to be played next year in Toronto. It was unquestionably the highlight of a memorable year for both the boys and myself.

S. Swan

The Under Thirteen Soccer team had a very successful season this year. We were the undefeated champions in Ontario this year, tying one to Appleby and winning eight.

We were asked to attend the Under Thirteen Tournament in Vancouver, to which we replied a resounding "YES!!." However we were not as successful in Vancouver as in Ontario. We were the consolation finalists losing to St. George's, whom we had beaten earlier at home, Ashbury, and Hillfield, whom we went on to beat in Ontario.

We spent two days in Victoria playing St. Michael's University, but we ended up losing to them in the end.

The trip was not only for soccer - we visited Expo in its last week.

We elected Rob Mantrop as captain, and he went on to win the M.V.P. award. Our Most Improved Player was Terence Kerr, who built up incredible skills over the course of the season.

Our forward line was an extremely strong one this year, made up of such dynamos as Scott Armstrong, and Nick McQuire.

We would like to thank our manager, Paul Arhanic, for his efforts, and especially our coach, Mr. Swan.

For the first time in many years St. Andrew's formed an Under 13 soccer team. Coached by Stuart Swan, the boys had a very successful year remaining undefeated in all of their games with ISAA opponents in Ontario. However the true highlight of the year for the members of this squad was a first-ever invitation to the 11th annual Canadian Independent Schools Soccer Tournament held in Vancouver, B.C. on Thanksgiving Weekend.

The tournament was hosted for the second time by St. George's School who did a remarkable job of billeting close to 180 boys for a stay of six days. The field of sixteen teams featured independent schools from Nova Scotia, Quebec, Ontario, Manitoba and British Columbia.

The large number of schools involved corresponded with the fact that Expo '86 was still operating and tournament organizers hoped to allow as many boys as possible to view this once in a lifetime spectacle.

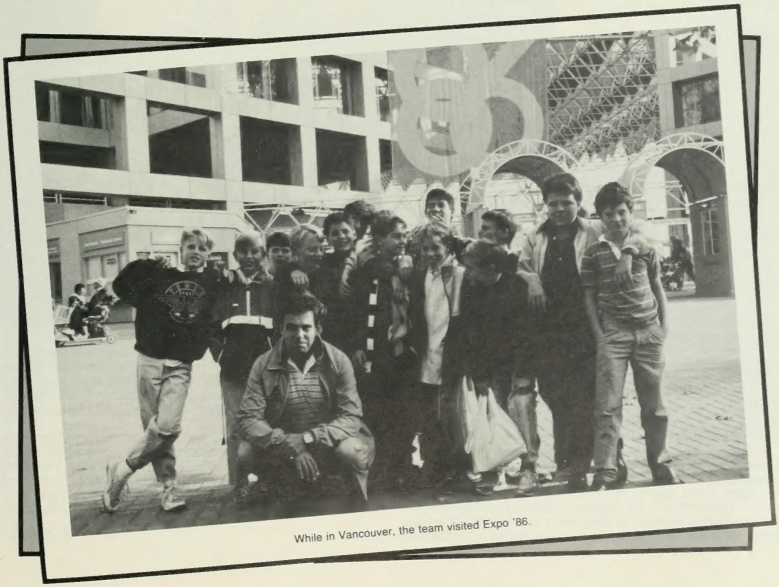
Our boys spent the early part of the week touring Expo and sightseeing with their billet families. On Wednesday, October 8 the team ventured to Vancouver Island for an overnight trip to Victoria and our first taste of West Coast soccer. We played an exhibition match against St. Michael's University School where Mr. Swan previously taught.

We were easily handled by a most competent squad although we found our legs and played an even game in the second half. We returned to Vancouver on Thursday to finish our sightseeing and prepare for the tournament which began the next day.

During the round robin, our games were all very close with losses against St. George's College and Ashbury College followed by a victory over Glenlyon School. This result placed us in the consolation round on Saturday where we were successful in defeating Radley College and Glenlyon School to advance to the consolation final with our opponent being Hillfield-Strathallan College. The game was a classic defensive struggle which our opposition broke open in the final few minutes to secure their victory. St. Andrew's completed the tournament with a record of three wins and four losses for a finish in the middle of the pack.

On a trip like this, one should not strictly measure success by the action on the sports field. The responsible and mature behaviour of the boys was a credit to our school and themselves. Both coaches were proud to be associated with the group and only hope that others may benefit from this experience in the future.

M. Hanson



While in Vancouver, the team visited Expo '86.

This year's squad was truly an under 14 team as all of the younger players were with our under 13 squad.

Surprisingly enough all but one of the team were old boys which speaks well of our soccer and houseleague programmes. The season began with a degree of trepidation but the experience of five members of last year's team helped us through these tense moments.

Our initial games were unfortunately one sided in our favour which built a false sense of confidence. As the season progressed we were challenged more regularly and had good close games against Appleby, UCC and Crescent. On November 1, St. Andrew's hosted the ISAA tournament which we entered as defending champions. After the round robin we finished second in our group to Crescent. Our semi-final game against Appleby was a closely contested 1-0 victory for SAC in the pouring rain. The championship final was against Crescent whom we had tied on two previous occasions. The team played errorless soccer to win quite easily and retain the tournament championship for the school.

Special mention should be made of our captain Nick Rose who was one of the hardest working members of the team. Our Most Improved Player was Andrew Zwingenberger who developed into a most competent centre forward and our Most Valuable Player was Jamie Inglis who was a spectacular centre back. All the best next year guys.

Led by two dedicated captains, Kevin Worry and Jim Mirkopoulos, this year's team achieved success, not so much in games won and lost as in team spirit and hard work. The games were always hard-fought and very close.

Because of early-season injuries, we ended up carrying a squad of 21 boys; this meant that many played infrequently - my compliments to them for their loyalty. The most memorable of our victories occurred on Homecoming Day when we met Ridley, a team who had previously beaten us: the team showed great determination and a good level of skill and went on to win in grand style.

My thanks to all the boys who helped make this one of the most enjoyable seasons I can remember.

The Under 16 A soccer team had a very successful year. Although we lost the very first game versus Appleby along with the last one against Crescent, we managed to win all other games save 1 tie against UCC.

At the ISAA championships, we beat UCC in penalty kicks in the semifinals and defeated Crescent in the finals for the first championship in a long time.

Christopher Catrall performed excellently all season in his capacity as goal keeper as he frustrated many almost sure scoring attempts. Corey Williams, our M.V.P., was a solid wall on defense.

Our two coaches, Mr. Stuart and Mr. M. Jones, worked us extremely hard to get us into prime form both physically and mentally, and this method was obviously successful. Congratulations to them and to the whole team.

Definitely not one of the better years for the Second Soccer team at St. Andrew's. Although the year was not a success according to the win/loss ratio, it was truly a memorable and enjoyable year of soccer playing.

Even under the most deplorable conditions of cold, rainy days and flooded fields for most of the year, the high degree of skill and sportsmanship of the team was exemplary. Apart from the persistent offence and supporting mid-field, one can cite a number of defencemen who held the team's lead in winning games, and helped the team to tie just as many. These players are Roger Collins and Cameron Carey who played magnificently. Both these players, West Indian by birth, complement the "Caribbean Contingency" which made up half of the team. Other players to be recognized are Neil Burrowes and Philip Gestrin, the former for his sportsmanship and the latter receiving the M.I.P. award for his natural goal-playing ability. The top goal scorer was Simon Harris who subsequently received the M.V.P. award. Thanks very much to our coach Tino Paolini for his expertise and patience. Good luck to all next year on First Team.

It began the first week of September. The new boots, shiny, were tightly laced for the first time, as "Wee Man" told us to hurry up. Thus the First Soccer season began. The talent emerged, almost as quickly as the perspiration. The first team was chosen, it was a young team with a large amount of raw talent. We challenged many older and more experienced teams, we won some and we lost some, but always we looked respectable. We defeated some of the strongest teams, but unfortunately our lack of experience occasionally made us play at a weaker level as a team. This year wasn't an exception, but it wasn't a failure either, for many younger players developed some formidable skills.

When the going got tough, the old got going, giving advice and leadership. Special mention should be made of a number of players, namely Mark Manze, Mark McElroy, John Silver, Michael Chen-Young and Jason McFarlane.

A special thanks must go out to first Soccer coaches, Mr. Robinson and Mr. Halstead, for it was through their special efforts that we really made it as a team.

The best of luck next year!

EXPANSION WEEK

"Seeing 'Cats' - what an experience!"

"The trip to Boston was awesome!"

Such were the comments made about Expansion Week, November 3-7. In September the students were offered a wide range of projects (from scuba diving to creating a Gangster play) which allowed them to explore the "larger classroom" off-campus, or to transform classrooms into stages or perhaps investigate the vastness of the universe.

It has been the experience of those masters and students involved in Expansion Week that there is more to education than occurs within the walls of a classroom. Finding oneself trying to build a minute model of an airplane or making one's way through the streets of a new city provide for a spontaneous learning process and an individual discovery which is priceless.

Choosing a project is a sometimes frustrating, but valuable endeavor. To be taken into consideration by the students are their interests, responsibilities to the larger community, finances, and the influence of friends. Queries of "What are you doing for Expansion Week?" fill the halls during sign-up week.

During Expansion Week activities and opportunities were varied: doing social work, doing improvisation exercises at a Toronto theatre school, seeing a Boston Celtics game, building an end table, sitting in on Question period in the House of Commons, writing a gangster play - all worthwhile and creative.

To share their creative moments and expanded horizons, on Saturday, Nov. 22, the students took part in a morning of Expansion Week presentations which included: an original gangster play performed on Ketchum Auditorium stage (with a 6 foot, grade 11 student playing the moll), a photography slide show set to music, a display of wooden handiwork and models, a video of the Boston trip, and the projects go on . . .

With so many possibilities for unique and varied projects and trips, we look forward to Expansion Week '87.

Perspective

8A is a class like no other,
Garon and Jim, just wanting his mother.
Allard and Chan, oh what a pair!
They give the class a certain flair.
Gooner, Bob, Dave and Shinski,
Oh my God! I forgot Bezinski.
8A what a class! What can I say,
I just hope I get out someday.
Elyot and Paul get marks so I can cry,
Hey Ginou, I love that tie!
Mantrop and Shillum the best of buds,
Oh! That Jackson! How about those floods.
8A is a class like a four leaf clover.
But I'm really sad, That one day it will be over.
Best and the Brents,
They are really the gents.
But Cardenas is the Mexican boy, who is always full of joy.
Then of course there's me, what can I say,
I'll just bet I'll be king someday.
8A is a class I'll miss quite a bit
The one part I'll remember is getting in . . . trouble.

Will you come with me,
to the land of valleys green?
Trickling blue waters,
and the beauty of the stream.

Peace. Found at last
in the depth of a dream.
Make it all reality,
Won't you come with me?

Take my hand,
Walk amoung the blades.
Birds are singing clearly,
Showing us the way.

Stop. Admire the sun,
The time it's taken to reach us.
Night and day we lay here,
Silhouette against the landscape.

Take a moment and learn to love it.
Creatures of dust, symphonies of life,
Individuals, art forms, breathing . . .
Living.

November, the start of the season for the 1st Team Hockey Saints, was filled with team goals, aims, challenges, but most of all question marks. With two rookie coaches in Kimmerer and Grenier and five rookie players, not alot was expected from this edition of the Saints. "Mountain" was the key word.

But the Saints, over a long and busy season compiled an impressive record of 36 wins, 13 losses and 3 ties. They finished second in both the I.S.L. League play and the League year end tournament to Nicholas High School. In tournament play, the Saints earned a silver med-1 at Trinity, Bronzes at Lake Placid and Ridley, and fourth place at our own McPherson Tournament and Hamilton College respectively.

But it was at the McPherson Tournament that the real Saints emerged - playing four of five games brilliantly including the traditional Friday night victory, this time over Cranbrook from Michigan 2-0, Bob Wilkes emerged as a solid pressure goalie while Brewer, Callaghan, Allen and Lafay developed as team leaders.

After the McPherson Tournament, the Saints lost but three games of which two were to Nichols. So, playing well, they set their sights on showing well at the O.F.S.S.A. championships in North Bay. Early season encounters with some of the top ranked high school teams proved they could play at that level, but more talented St. Andrew's teams in the past had come from O.F.S.S.A. empty handed. Besides, with injuries to Jason Leggett and Steve Lafay, success was not expected. But with a mixture of luck, scheduling, solid goaltending, brilliant defense and timely offense, it was achieved. Everybody contributed - Brewer (with a broken bone in his hand), Jason, Mouse, Shandy, Pile-on, Showboat, Smiley, Warren, Christian, Craig, and young Mike A. And what a way to finish their high school career at St. Andrew's for Irv, Laffer, Calley, Duper, Keats and Gobbler. Winning the Ontario High School Hockey Championships.

SAINTS COLOR IT GOLD

By STEVE HARDY
Special to the Sun

NORTH BAY - That's gold hanging around the necks of the St. Andrew's Saints of Aurora hockey team after their win at the provincial hockey championships last night.

The Saints defeated the Weston Ironmen, 4-2, to win the Ontario Federation of School Athletic Association title.

Saints coach Steve Kimmerer said the team was confident but not cocky.

"It wasn't just a dream," he said. "It was something they could do. They had lots of confidence."

The win is the second OFSAA title for St. Andrew's in six years. They also won the gold medal in 1982.

Weston defenceman Jay Stenhouse said he was disappointed, but proud of his team's performance as they won the silver medal.

An emotional Billy Taylor said he was amazed by the skating speed of the Saints.

"They came out flying," he said "I mean, flying. I've never seen a team that can fly like that before."

St. Maurice Dupre opened the scoring for the Saint's when he scored at 6:37 of the first period.

Corey Anquetil increased the lead to 2-0 on a power-play goal at 1:05 of the second.

Graeme Erskine pulled the Ironmen to within one at 7:45, before Dupre's second goal restored the two-goal bulge at 8:55.

Weston closed the gap when Billy Taylor fired a shot from the slot behind Saint's goalie Bob Wilkes at 11:05 of the third.

The issue was settled when Mike Brewer, Son of ex-Leaf Carl Brewer, fired the puck into the empty net with 29 seconds remaining.

Weston coach Erich Both said the Saints were the better team last night.

"They're a really, really good team," he said. "They're a well disciplined, skating team. They are the best skating team in the tournament. We ran out of time, and ran out of steam."

Taylor managed a smile, before disappearing into the dressing room to join his teammates and said, "Call us the second best team in Ontario." The Ironmen knocked off Kitchener Grand River 4-3 in a semi-final shootout earlier yesterday, after a 10-minute overtime period failed to decide the issue, and the match ended in a 2-2 tie.

St. Andrew's knocked off the London Laurier Rams 6-2 in the other semi-final game yesterday. The teams were tied at 2-2 and the Saints then scored four times in the extra-period.

LLOYD C. MACPHERSON HOCKEY TOURNAMENT

RESULTS

GOLD:	Nichols School (Buffalo)
SILVER:	Lionel Groulx College (Quebec)
BRONZE:	St. Augustine College (Quebec)

This tournament is dedicated with affection and respect to Lloyd C. MacPherson, who retired from St. Andrew's College in 1982, after 25 years on the teaching staff and latterly as Assistant to the Headmaster. Lloyd always took a keen interest in hockey at the school and rarely missed a game at home or away, and he has maintained this interest since retirement.

St. Andrew's College takes great pride in being associated, in the friendship of keen competition, with schools devoted to the highest ideals of sportsmanship. I extend a warm welcome to all participants in this year's tournament.

It was a banner year in terms of personal enjoyment, individual improvement and team progress. There were challenges for everyone when we began the season in November. There were players like Walker Ross, Mark Sheardown, Chris McGrath, Andrew Luks and Scott Kelly, who after seasons away from the game, were trying to re-establish themselves as hockey players. There were potential 1st. team players like Skinner, Plaxton, Keating, Ledson, Atkins and Ibbotson who knew they had to learn and progress to better their chances next year.

And there were the early season shellackings at the hands of UCC and TCS that particularly irked the last year players like Walden, Stewart and Mantrop, who wanted their last season to be a good one.

The improvement was slow but certain. The atmosphere was jovial and workmanlike in about the right proportions. By season's end, I think it is fair to say, we were among the best two or three teams.

In the year end tournament, due largely to the outstanding goalkeeping of Jessop and Sterling, we lost only once, a hard-fought 2-0 loss to Nichols.

Most Valuable Player - Matthew Stewart
Most Improved Player - Walker (Guido) Ross

Thanks for being such a classy group on and off the ice, and thanks for making this season so much fun for me.

Many thanks to Chris Armaly, the team's manager, for your contribution of time and humour.

This year the U 16A team enjoyed one of its best seasons. In 17 games we had 15 wins and just 2 losses. With 144 goals scored by us and only 33 goals against, we were one of the strongest contenders in the ISL, finishing second to our rivals south of the border.

The success of the team this year was due to a total team effort with good goaltending, strong defense and exceptional forwards. Not only that, the team had excellent spirit and closeness both on and off the ice which made for a most enjoyable season.

We would like to give special thanks to Mr Norm McCauley - Norm - who helped greatly with the preparation and early training of the team, both on and off the ice, and also thanks to our strange Irish manager Shane of the O'Hallorans. Finally, many thanks to our coaches and psychiatrists, Mr Stuart and Mr Treasure for a rewarding and enjoyable season. This was the first season for a 'B' team at the U 16 level and the experiment was a successful one. While some of the players were disappointed at not making the exceptionally strong 'A' team there was pleasure for those who, in the normal course of events, would not have been part of a representative team.

The team played ten games and most of them were close and well contested. The enthuisasm showed by all the members of the team throughout the season was gratifying and it is to be hoped that some will make the 'A' team next season.

Hopefully we will be able to continue at this level with a team next year and our thanks to all the players for a most enjoyable season.

U14 Hockey had a great season, losing only two games at the U14 level, unfortunately, one of those losses was an untimely one in the year end tournament. After a few wins coupled with the occasional loss to U15 teams, the team enjoyed a barnstorming tour to Ottawa and Montreal playing Ashbury and Selwynn House. This was a great experience and a highlight of the season. After returning, the players continued to improve in skills and gel as a team. With a number of young, capable players returning, next season should again see us in the running.

The team had solid goal tending from C. Powers and M.V.P. Jeff Metcalfe. Strong defense was provided by Cap't. N. Ellis, A. Zwingenberger, R. Mantrop and B. McKague. Our offensive power came from N. McQuire (17 goals), R. Asquith (15 goals), and B. MacRae (15 goals). Other strong performances came from our M.I.P. B. Mikol, T. Farr, K. Edwards and A. Searles. Providing hustle and enthusiasm were J. Morgan, J. Arciszewski, B. Ellis and V. Di Battista.

The Senior Squash Teams concentrated almost exclusively on the softball game this season. As a result considerable improvements have been made in the skill levels and the tactical awareness of the players. Mr. Bedard and Mr Don Stuart have given invaluable assistance and coaching. The thrust of the program is towards excellence in a three year time frame. Currently seven students from Saint Andrew's are participating in Ontario Provincial tournaments. Our young teams can look forward with optimism to the challenges of Squash in 1988.

The second basketball team began the season as a very inexperienced squad. They worked hard and began to improve and by mid season they were holding their own against all but a few opponents. They even succeeded in defeating two teams who had beaten us badly early in the year. We ended up in third place in the I.S.A.A. league at years end.

Our players were so closely matched in ability, no one was chosen as Most Valuable Player. Our Most Improved Player was Steve Miller.

Co-captains were James Rankin and Mike Paletta.

They were a good group of young men and a pleasure to coach.

U16A BASKETBALL

The 1986-87 year was the most successful season in years for the under 16 Basketball team. At the beginning of the season a very large number turned out for the team which allowed for the creation of a second team - an under 15 squad.

As per usual those players who graduated from the under 14 level to this level had real difficulty at the beginning of the year in adjusting to the demands of the game at this level of competition. However, as the season progressed our young team learned to stand their ground and to play aggressively.

In spite of the fact that this was a young team - the vast majority of our players were under 15 - it did possess the skills necessary to get the job done. The team won the vast majority of its games; the losses were minor, some by one or two points. As the season progressed we developed into the finest team in the league and with a break we could have captured the under 16 tournament. However, to win the tournament one needed luck and the ball to bounce right - this team got neither.

Several of our players made valuable contributions to the team effort and it was very difficult to select a most valuable player. However, the team chose Jim Herder as M.V.P. and Mike Van de Merve as M.I.P.

Best wishes to those valuable vets who will move on - Bruce Chin, David Foster - and much thanks for a fine effort. To those who will return, I look forward to an even more successful year through your dedication and commitment.

Despite rumours to the contrary coaches are sometimes human. This was clearly evident in my response to finding only seven players in the van when we headed off to Ridley College for the end-of-term tournament and the thought passed through my mind "why bother - we can't be competitive". Injuries and over-age players had diminished our numbers but what I did not realize until the day was nearly over that it had not diminished that intangible called "heart". We knocked off the tournament favourites in the first game, and after only fifteen minutes of rest had to take to the floor to play UCC, losing by a point to them which meant that we were not going to the championship final. But not to worry - we had covered ourselves with glory getting this far with so few players and after three hours of man-on-man defense it was a quiet trip home in the van as everyone was too tired.

This team was formed because of the gap which existed between the U14 and U16 levels and the number of players who turned out for the U16 team who could not be accommodated. We played not quite a full schedule of games but the additional practice time allowed the team members to master a fairly complex offense and to further develop their skills.

It was a distinct pleasure to work with this group of players and I hope that they will continue with this sport.

MVP: Eric Jackson

U14 BASKETBALL

This years squad was the first to reap the benefits of our Under 13 programme. We had seven members of that team make the Under 14 team but much work had to be done to improve upon a team which a year earlier had only won one game.

Many of the players had an inconsistent first half of the year. We were fortunate to have the good ballhandling skills of our captain Andrew Bulas to help control our offence. As the season progressed Jamie Inglis, Nick Rose and Gene Cheung developed into fine rebounders and fine defensive players.

The team was able to finish the seson with a 12-3 record against their Under 14 I.S.A.A. opponents. Our season finale was the I.S.A.A. Tournament which we hosted and entered as defending champions. After defeating Holy Trinity School 48-31, we played Upper Canada College in the semi final and squeaked by 39-38 on strength of a 22 point effort by Jamie Inglis. In the final we played Crescent School in a fine game and were victorious to the tune of 42-37 and retained the tournament championship.

All members of the team deserve mention but three players stood out. Our M.I.P. was Gene Cheung who developed into a very ferocious player and our M.V.P. was Andrew Bulas who played unselfishly all season long. Special mention should go to Nick Rose whose defensive efforts during the latter part of the year accounted for our success.

Thanks to all members of the team who gave of their time and efforts during the entire season.

In the beginning we were hoping that we could get a coach because Ms. Thomson was going to coach the U15's but as it turned out, she did coach us.

We were hopeful after our first few games against T.F.S., U.C.C. and Appleby but after that we started losing hope because we lost most games from there on.

We attended two tournaments, both were very unsuccessful because we lost, but they were good experiences for us.

Everyone played well and tried really hard. The M.I.P. award was given to Brent Riopelle who in the end was one of our highest scorers. The M.V.P. award was given to Mark Shillum who played very well and was the highest scorer. We would like to thank Brent Wynn who in the beginning was a player but then broke his arm skiing. He then became our manager.

Over all we think it was a successful season and a very good experience for those who are moving up to U14 next year. We would also like to give our thanks to our Coach, Ms. Thomson.

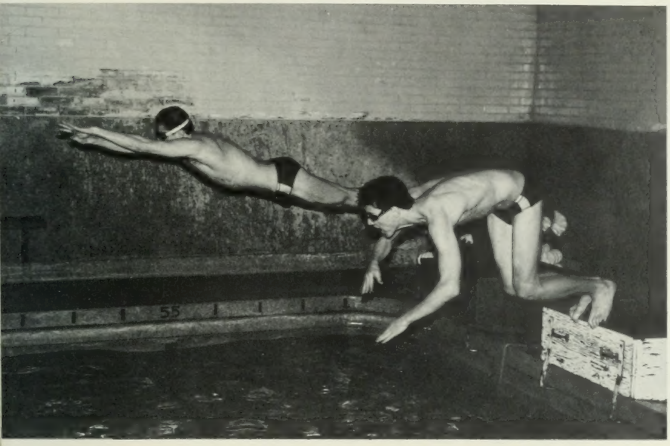
I.S.A.A. CHAMPS!!



The First Swim Team started the year with a core of enthusiastic athletes from the previous year. The addition of four new members further augmented the existing talent. Prospects for a successful season were evident from early November and after our first few meets spirits were high due to fine performances in the pool. T.C.S. was the obvious stumbling block to our bid for a successful season as they were the reigning champions and boasted a strong contingent of swimmers from the previous season's team. In our first dual meet we were beaten by T.C.S. by twenty points. The determination to overcome this defeat became evident in practice as all members of the team worked hard to improve times before our second meet with T.C.S., four days before the I.S.A.A. finals. In a close competition SAC lost again to it's Port Hope rivals by ten points.

Wednesday, March 4th, saw the I.S.A.A. Championship meet held at the Etobicoke Olympium Pool. The Saints were primed for the challenge. Each member of the team swam personal best times for the season and were paced by the superb performace of Don Seeback who finished first in each of the three events that he competed in. Don also set a new I.S.A.A. record of 57.19 seconds in the Individual Medley. In each event of the meet SAC placed at least one swimmer in the top three places to finish in first place - 16 points ahead of the closest rival - T.C.S. I would like to extend congratulations to all members of the SAC First Swim Team for their commitment and dedication. This is collectively the hardest working team that I have had in many years.

A special thanks to Sean McConkey, this year's Captain, for his enthusiasm and leadership. Don Seeback was selected as the M.V.P. and a joint M.I.P. was awarded to Duff McDonald and Leif Maura.

SECOND SWIMMING

This year the Second Swim Team had an outstanding year winning the Second Team Final Meet at the Etobicoke Olympium and capturing the AL STAPLES TROPHY. This was a first time for SAC swimming.

The hard work and determination of every swimmer to set new goals and strive to achieve them not only to meets but also in daily practices was the key to our success. Special thanks to our first team members and Coach Walden for the time and effort put into improving our strokes, starts and turns. Congratulations guys, we did it!

For the St. Andrew's Nordic Ski Team, the 1987 season was filled with commitment, exertion, frozen ears, lactic acid, and, at times, burning agony. However, all of this was pushed aside by the enthusiasm, the fast times, the successes, and most important of all, the fun that the team shared. This year we were happy to sign up a large group of new skiers which gave us the biggest team St. Andrew's has ever had. Because of everyone's willingness to learn and to work hard, techniques were mastered and bodies were made stronger and more enduring. Mr. Kitchen gave us a terrific year of coaching with the philosophy that nordic skiing should be regarded as a team sport as opposed to an individualistic sport. As a result, we won our regional event and went on to place third as a combined boys team at OFSAA; an impressive result for a team who had yet to make a name for itself at that level of competition. So many thanks go to all of the participants who made this team so successful and enjoyable, and who were able to appreciate the demanding and rewarding sport that nordic skiing is.

VALETE

Paul Kitchen

The position of Headmaster is unquestionably one of the most challenging at any independent school. However, some educators thrive on these kind of challenges and Mr. Paul Kitchen is certainly one of these men.

Mr. Kitchen will be leaving St. Andrew's College in July to become the Headmaster of RCS-Netherwood in Rothesay, New Brunswick. An old boy of SAC (1965-1970), Mr. Kitchen returned to our school in 1981 as a teacher of mathematics and science. A year later he was named the Housemaster of Fourth House (soon to be called Sifton). Very quickly Sifton House became a group of very talented students, athletes and debaters who won the Housser Trophy four of the five years that Mr. Kitchen was the Housemaster. His leadership also carried onto the sports field where the cross-country skiing and rugby teams were always producing satisfactory results.

Those of us at St. Andrew's shall miss Paul, Ann and their three children. We wish them all the best in their new surroundings and know that RCS-Netherwood is in capable hands.

MJH

Stuart Swan

It is with much sadness that we bid farewell to Mr. Stuart Swan who leaves us at the end of this year to assume the position of Head of Geography at the UCC Prep School.

Mr. Swan came to SAC in September 1984 and quickly became involved in all aspects of school life especially the sporting world. Besides coaching soccer and rugby, he was most proficient in helping organize the MacPherson hockey tournament in the past year. Similarly he was an integral part of the first ever SAC rugby tour to Scotland and Ireland and the Under 13 soccer team which travelled to Vancouver to represent our school. All of this travelling is, of course, a natural requisite for a true geographer. In recent times he was also our early morning man who faithfully arrived at our dining hall every day and quietly presided over the many bedheads of the SAC student body.

On behalf of both staff and students, I would like to wish Mr. Swan all the best in his future pursuits. We all look forward to seeing you again in the near future.

Ian Wilkie

Ian Wilkie is a man of many parts. Sociologists tell us that in a changing world we should be ready to switch careers in mid-life; IMW switches four times in a decade.

Ten years ago he had a flourishing gardening business so he returned to SAC to teach Business; the course proved popular so it was snapped up by the History department and up-marketed as Economics. When the Librarianship came open, IMW stepped into the books. He has always been interested in things military - he has a collection of toy weapons and soldiers, and Base Borden is his favourite club; so when the Cadet Command came open, he marched into the lead. He has always had a green thumb or two; his first summer job was at the Roy McNicol School of Groundstaffing. So when Jack the Ripper retired, IMW dug in as SAC Gardener.

He is an instigator. He introduced volleyball to SAC and turned it into a championship sport. He brought the library into the Video age. He started the Star program for boys Keen on soldiering, moving cadets beyond musical theatre; boys have gone to camp and on to RMC. He ripped out hundreds of aged shrubs, replacing them with tonnes of limestone, pebble and colour - SAC now wins all the Schools & Gardens awards.

"If it needs arranging or listing or counting," he says, "I do it." He has spent hours of patient labour organizing everything: books for library and awards for Prize Day, Kilts & glens, trophies and display cases, names and Honour Boards, peonies and weeping mulberries - so many details and jobs that won't be noticed until he isn't doing them.

IMW is an Andrean dyed red and white, class of '68; his father was the school chaplain, and his two brothers are Andreans. Now he moves on to greener pastures in his new career as Chief Executive Officer of Holland Valley Nurseries - that's the place to go if you want a deal. And you'll still see him around with his tractors and cohorts as he beautifies the SAC campus.

To him, to his wife Nancy and three children, thanks and best wishes!

DJT

Louise Cholette

In September we welcomed Ms. Louise Cholette to SAC as a teacher in the French department. In her bright, friendly manner she became a friend to lower school boys and to the other masters, and proved to be a creative French teacher, a conscientious cross-country ski coach and a valuable member of the SAC community.

After only a year of her lively presence we wish Ms. Cholette "adieu" and "Bon chance" in her new position at Havergal.

Mary Pillage

With book orders piled on her desk and boxes of textbooks to be opened and delivered, for 11 years Mrs. Mary Pillage continuously filled the requests of students and teachers.

"Mrs. Pillage, I need five binders and some pens, please."

"Mary, remember those SAC folders you used to have?"

"Please, could you order three boxes of purple duotangs?"

Notebooks could not have been kept, tests could not have been written, novels could not have been read without the hard work and pleasant service of our "book room lady".

"Thank you to Mrs Pillage, and best wishes on her retirement from St. Andrew's.

Jan Miller

Mrs. Miller joined the S.A.C. staff seven years ago. She has worked during that time to make the library an organized and up-to-date facility. In busy periods she has always been able to find time to help both students and masters. No request was ever ignored. She has gone out of her way to be an obliging and helpful librarian. Her good sense of humour, her pleasant disposition and her high fashion style have added a pleasing touch to S.A.C.

Jan is leaving to develop her own business - Miller Homes - which is located in Huntsville.

Everyone at S.A.C. wishes Jan and her husband Al, all the best in their future.

We are all controlled by reinforcement of rules passed by those who are merely the tools of a system where achievement is based on deceit of the masses by someone in whom they believe
We are all controlled by the straightline thinking of straightline thinkers who gave up drinking and smoking as sins to avoid being lower than their aspirations would allow them to go
We are all controlled by fear of the unknown because we're not told all their is to know about things we consider as normal existence so we accept exploitation and show no resistance
We are all controlled in our thoughts and actions by things we were told by past generations of parents who used to rebel just the same as we do now so who gets the blame?
we are the rebels like the rebels before us pre-destined to scream in an out-of-tune chorus of voices repeating the words of the past that diffuse in the process of aging too fast
Deep in the soul if there is one it tells you to do as you feel not as someone outside you dictates through their own misquided conception of what part you must play in this game of deception.

COMMENTS: Although St-Andrew's is a pampered and enclosed social environment, I cannot help but to look at it as an 'observer'. I would compare life at St-Andrew's to life on the pinnacle of a huge sphere, with the fear that you might fall off keeping you running on or for the top. Congratulations to those on the top, and good luck to those who are still running. The challenges that I have confronted here at school have showed me that there are no rules to adhere to . . . AS LONG AS YOU DON'T GET CAUGHT!! The object of the game that everyone at this school has to play is to beat the system . . . and everyone tries to! The great level of competition that the school enforces also makes the game of beating the system more intense. At some crucial points here I often wondered whether or not I was going to beat the system, but thanks to those friends (you know who you are) I made it through and I'm on top of the sphere. I've made alot of 'contacts' and aquaintances here and I'm sad to say that they will mean no more to me than that. But although this paper may crumble and the ink someday fade, never will the memories of the friends I have made! St-Andrew's thank you for what you have given me, and for what you haven't as I will find out soon enough on my own. Mom and Dad I'm sure you remember the day I left . . . it's been a long haul but it would never have been possible without your pushes . . . Thank you . . . I love you!!

COMMENTS: St. Andrew's is a human refinery, improving each person in every detail. The only difference with this refinery and another refinery is the returns obtained during the process. A normal refinery will strain out bad parts from the products, similar to St. Andrew's, but will give very little to the products, while St. Andrew's will give more to the products than what was received.
Undoubtably, my case was an extremity. I received much more from St. Andrew's than what I had given, not to say that it was my fault but rather by the way the system operates. The institute provided me with an excellent education both in classes and out of classes. Friends budded in abundance, outnumbering foes stupendously.
Many of my friends were from the student body as well as from, who are narrow-minded, insisting to perceive me as another refractoy West Indian. Although they might be foes to me, I hope I have opened their eyes so that they may become friends with other West Indian colleagues of mine, and not consider all West Indians as stereotypes. To be incisive, I ask that you give them a fair chance in everything instead of being invidious to them. I have fought the battle against those few prejudiced people at St. Andrew's and have gained their respect, but I never could have succeeded without the help and support from my family, the majority of the faculty, my friends and God. I would like to give special thanks to Mom and Dad whom I dearly love, Mr. Foy, Bedard, Smith, Stuart, Robinson, Myrans, Josselyn, Raaflaub, Sharma, Patel, Fadil, Ansell, Beck, Yuille, Callender, Campbell, Khan (all 3) and others.

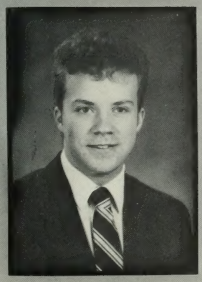
ACTIVITIES: First Soccer (2 yrs.), First Cricket (2 yrs.), "Damn Yankies", Social & Service Committees, Captain in Cadets, Best Cadet, Clan Colours, MidTerm '87, Quebec City (Dec. '86), Loyola '83 & '84, 54 runs & not out (Ridley '85), FITSTOP CLUB.
COMMENTS: Firstly, I must thank my mom and dad for their never ending support that helped me advance through the ranks of St. Andrew's. Secondly, I would like to thank Mr. Smith, Mr. Robinson, Mr. Sommerville and Mr. Halstead whose efforts extended far outside the classroom. A special thanks goes to Mr. Stuart who taught me what an Andrean really is. Thank-you. In leaving St. Andrew's after seven years, I thought about those experiences I have encountered. Having that experience, I leave with a strengthened character and a strong mind. I wish my friends good luck and to my school, good-bye.
NEXT YEAR: Flight Technology



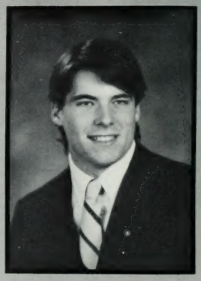
Alfred MacDonald Wilson (1985-1987)
PLACE OF BIRTH: Jake Lovey's 24-hour delivery service, St. John's Newfoundland.
NICKNAMES: Alf, Wombat, Alien Life Form
FAVOUTITE SAYINGS: . . . (see B. A) Yeah, and then the hotel wrecks our pocket-book; What does a wombat look like?; Well ya know what people say . . . No?! . . . uh . . . Just makin' conversation; Reminds me a 'Nam; Mr. Smith, what should I be doing for universities right now?; Maybe I like bein' a geek!; Jon, leave me alone!; Did you ever notice how people in elevators always shut-up?
ACTIVITIES: Military Band (Cadet Master Warrant Officer, Bugel Major), Swim Team (I.S.A.A. champ's), playing trombone, taking yearbook pictures, taking totally outrageous pictures, being a studious geek, getting beaten up by Jon, annoying complete and utter strangers with Cam and Charron.
COMMENTS: Well what an interesting two years it has been. I never imagined I could possibly be successful at anything when I left home, and now I see the chances of good fortune in my path. My relatively short stay at S.A.C. has undoubtedly changed my life. I have turned over a garden of new leaves and now feel positive and confident about myself. It was interesting having Paul Abel as a roommate in my first year away and although we had our differences I have him to thank for being a friend and helping me build self-confidence. I thank the Martins for giving me a second home where I will always feel welcome. Cam, Alex, Bill, Paul A., and Paul B., we had some great times, and I'm sure we have more to come. I don't know what I'd have done without Phil Stamp and Benji Deutsch when I was home; Thanks for bein' there for me! Mr. Raaflaub, thank-you for being not only a Maths teacher but also a great swim-coach; We did it! Mr. Smith, you were always there when I needed to voice my scholastic panics, I would have been a neurotic basket case without you. Mom and Dad, you have given me chances and opportunities which most people dream about. You gave me freedom to spread my wings, but also guidance through my journey. Thank-you for letting me come here.
NEXT YEAR: Waterloo, Mechanical Engineering. (or Sanitary Engineering?)

Louis Dumouchel (85-87)
NICKNAMES AND SAYINGS: Lou, Frog, Billy, Doo-Me, Supreme Being. "Hey! Hey!", "You guys got any food", "Let's Rock!", "Hey Dupe did you loose anything this week-end . . . Drop her", "Let's raid Brown" "You're the best", "YEAH, ME TOO!", "Where are all my tapes", "Andrew wake up", "Andrew isn't that my shirt", "Tape . . . I need tape", "Hey dupe, can I come to your house?", "Ahh Brew" "Orbiting Mud Sow and Walowing Earth Pig"
ACTIVITIES: 1st Football, 2nd Basketball, House play, I.B.C., K.R.C., Barber, Rosedale car inspection and repossession, Procrastinator's club, Being just plain rude.
COMMENTS: As most people already know St-Andrews saved me from a life of menial labour; or at least it gave me a second chance. So I owe a big debt of thanks to St-Andrews for accepting me and of course to my parents for offering to send me. It'll be good to get back home; where the bars don't close at 1:30. But I would be lying if I said that I wouldn't miss the friends that I made here; they know who they are. I only have one thing to say to them. I'LL BE BACK!
NEXT YEAR: Hopefully Western.

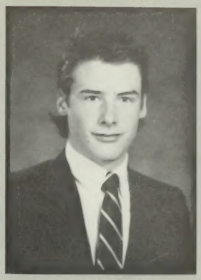
J. Rankin (1983-87)
NICKNAMES: Plouffe, Ugly, Abo, Wankin Rankin, skillsaw.
SAYINGS: In Australia . . ., No, Man, Bud-uumm, can I shake your ____ good bye, uuh, WALSH WALSH, Don't go down until were in, week (pause) end. Andrew's not in my house so luckily he doesn't have any of my clothes, I think.
ACTIVITIES: 1st Football 3yrs. capt, MVP. 1st Rugby 3yrs. 1st swimming, 2nd basketball 2yrs (Thanks Coach. And by the way, what is your real name? A proud member of the Audi Rowdies; that also made it! Rambo run away club, and one of the two that did not get caught. Rosedale Huntclub. Mid-night misspelling club. Member of the procrastinator's not so proud or anonymous club. Cross country wrestling team. Member of the B ____ admiration society. Owner of compliments for free but not necessarily nice. Saracens Drink and Rugby Club. Scotland Rugby, train, drinking and ferry tour. Trying to get into Havergal gossip.
COMMENTS: I would like to thank the people who helped me Mr. Kitchen, Mr. Timms. And say thanks to the Audi Rowdies, I won't forget the good times, that is the ones that I still remember. I like to thank all my other friends, THANKS!!! And thank you Mrs. Williams and sorry about the ceiling. Last of all I like to thank my family and especially Mum and Dad for there love and support.
NEXT YEAR: Bishop's

James W. Plouffe (84-87)
NICKNAMES & SAYINGS. Rankin, Plouff-er "what do you think this is a democracy!", "you don't understand what I am going through", "Dupe you need it", "Rankin be quiet", "Andrew isn't that my underwear?"
ACTIVITIES: first football 2 years (capt.), first swimming 3 years, first rugby 3 years (capt.), a few championships. head prefect, head of cadets, R.S.M., a proud member of the Audi rowdies; that made it. fishing with Craig, rambo run away club, midnight misspelling club, cross country wrestling, being sarcastic, saracens summer drinking club, scotland rugby, train and ferry club, leadership conference, keeping out of Havergal gossip.
COMMENTS All I want to do is thank a few people and S.A.C. First of all thanks to Mr. Swan and Kitchen, for helping. I would also like to thank my weekend moms, for all the meals and care, especially Mrs. Williams. A huge thanks and love to Mrs. Creber and Mr. for all they did for me and taught me, it would have been alot harder without you. Thanks, Rankin, for being there. Dawn, thank you for keeping me sane and for being by my side, always. Of course my Mom, Dad and Sister for the care packages and the opportunity.

Maurice Robert Le Compte Dupré (1983-1987)
NICKNAMES AND SAYINGS: Dupe, Moe, Ice Man, (Dupuy), "Watch and learn!", "What flavour is it?", "Pray for me this weekend", "So what's your point?", "No! You don't understand Jim, I need it!", "Brew take me to Keswick.", "Andrew, aren't those my socks!", "Lou, stop scaring away the chicks and no, you can't stay at my house this weekend.", "Jim, I tell you the army and camp are the same thing.", "Aah, Craig, third man in", "Louuu!", Room 213.
ACTIVITIES: 1st Football, 1st Hockey, 1st Rugby, MVP Procrastinator Club, Paying off long distance phone bills and sleeping.
COMMENTS: "There are three kinds of people: those who make things happen, those who watch things happen and those who don't know what the hell is happening!" But thanks anyways Mom and Dad for putting me through SAC (even though a car might have been a better idea). As for the rest, the sayings speak for themselves.

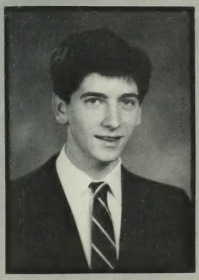


Andrew Armstrong (1981-87)



Paul Mantrop (1984-87)

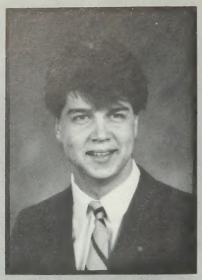
John Taylor (1982-87)
NICKNAMES & SAYINGS: Len, Lenny, "The walls are white with bumps on them", "What time is it?", "#159 Wrestlemania".
ACTIVITIES: A few football teams and various other extracurricular activities.
COMMENTS: There's an old adage that states, "If you don't have anything nice to say, don't say anything at all". Therefore this isn't going to be a magnum opus. I've found that the people at St. Andrew's, are people who genuinely care about a student's welfare. People such as Mr. Foy, Mr. Sommerville and Mr. Smith to mention a few. Also the school provides a structured environment for those who need it. Finally, I believe St. Andrew's provided me with the capabilities to do well in a very competitive world. Of course, I'd like to thank my parents, two wonderful and caring people.
NEXT YEAR: Life as an extermination supervisor (or Western)



LIAM GREGORY MORRISSEY (1981-1987)
NICKNAMES & SAYINGS: Sham(rock), Paddy, Leprechaun, Mr. Potatoe-Head, Leopold. "Ugh . . . sir, I've got a nosebleed", "Off to India", "Could I steal a moment of your time . .?", "Bill, you're a POMPOUS Brit!", "Chop, Chop!", "Where's my snuff, what?!", "Pensive and passive", "Wanna go to a formal?"
ACTIVITIES: Somewhat numerous; tending to lean towards Debating, Dramatics and Cadets with a little running, rugby and Religion (Chapel that is.) thrown in for good measure.
COMMENTS: Abandoned in front of the library and given notice that I was to report to Ramsey House, I quickly went on my way searching for this building. After endless running about the school, I had failed to find a single building with RAMSEY engraved above the door. To add to my confusion, there were several imitations of me (or was I an imitation of them?) wandering the halls like headless chickens wearing the now familiar "If God had wanted me to wear a tie . . ." look upon their faces. This was New-Boy Orientation Day six years ago and we were supposed to be Andreans (what's that mean, anyways?).

Six long, often tiring, occassionally unpleasant years later, I know what that term means. Mom and Dad, thank you is much too finite to express my gratitude for allowing me this unique experience, but it's all I can think of saying. Misters Meagher and Smith; no matter how busy you seemed to be, you always had time to talk. You listened to my rantings, my ravings and my frequent ramblings with unfaltering interest. Thanks for being on my side.

Because of those six years, the shy, unconfident, uncomfortable little nipper that began, now is bold, has all the confidence in the world and has a sense of direction. Though I may not have found the door with RAMSEY on it, I have found the door to my future. Thank you St. Andrew's.
NEXT YEAR: Canadian High Commissioner to Great Britain or Dalhousie for Political Science.

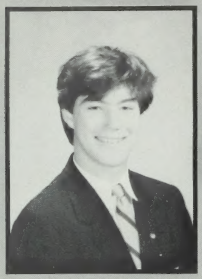


Nick McGibbon (82-87)
SAYINGS: Life amuses me
ACTIVITIES: Prefect (funny, isn't it?) and other good stuff.
COMMENTS: I don't value St. Andrews as a learning institution as much as I value it as a place to learn about yourself and make true friends (they know who they are). Although M and D are among the true friends I would like to again thank them and P.G.K. for making St. Andrew's possible, steering me straight the numerous times I ran off the road and always being there. Of course, I must thank the other two Brothers Grim and Snick (wish you were here).

I feel the magic that our time has traced,
And make a point of it in every place.
But every place deserves a curse or two,
For making me so far away from you.

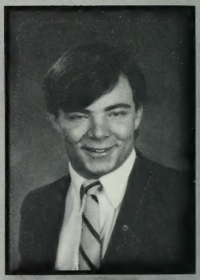
Sometimes I get down,
But it's not you that gets me down,
It's just that sense of the impossible,
Gratuitously handed down.

But oh no, not you, dont wipe your eyes over lies,
Just let them shine clear through,
On every whisper that welcomes the inconceivable,
And the birth of the true.

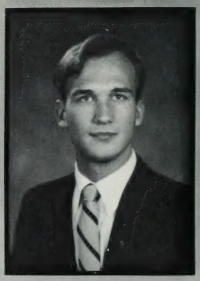


Graydon C. Cragg (1982-1987)
NICKNAMES & SAYINGS: Nick, Grady, Gravy, Brothers Grim #3, "Rah-Doo-Dah-Doo-Deh-Dun-Deh-Doh, yeah . . ."
ACTIVITIES: Fencing, Rugby, House League (Captain), House Captain, Prefect, Pipes & Drums (Pipe Major), Scottish Exchange (Fettes College), The Room.
COMMENTS: The past five years have been laden with challenge and opportunity. I've always felt very privileged to be a student at St. Andrew's. I seldom however thought of myself as a student. The classes I took served more or less to keep me busy amid everything else. The lessons I learnt from texts will be long outlined by those I learnt from day-to-day S.A.C. life. I have many great friends to thank for making daily life so much more interesting and meaningful, especially of course, Scott and Nick. I'd like to give special thanks to Mr. MacPherson, who first made me feel welcome at S.A.C., and to all my teachers for being there at all hours. Finally, I'd like to give greatest thanks to Mom and Dad (say no more) and to P.G.K. for doing his best to keep my co-hosts and I in line. Catch y'all later.
NEXT YEAR: Queens or McGill

Scott Armstrong (82-87)
ACTIVITIES: Prefect, 1st football, 2nd football (2 yrs), 1st rugby (four yrs), 1st team trail blazer, Co-vice president debating society, member of brothers grim #2.
COMMENTS: Thanks mom and dad, I have appreciated your support and love. Thanks to Mr. Kitchen, good luck in New Brunswick. I would like to thank all of my grandparents especially Papa. Finally I want to thank St. Andrew's for giving me the friends that I have made. I live for them.



Conrad Bona (1985-87)

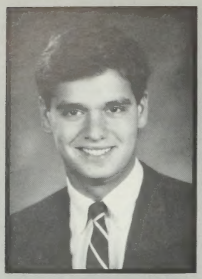


Christopher Richard-Stainton Walden (1980-1987)
NICKNAMES & SAYINGS: Waldo, Waldoon, Bog, Pretty Boy, the other half of the cute couple, H.C., Skunk, "I don't have time, I have to call Jake", "Hey coach, Where's the IROC?", "Nick, I need some killer kool-aid", "Scotty, you're so hairy", "Jim Dawn is really in love with me", "Irv, when do I get to meet Trudy?", "I'm going to fail this calculus test", "Yeh, my dad beat up Mr. Wilkie and he used to be in Hell's Angels too", "Nick, seen any L.C. lately?".
ACTIVITIES: Prefect, Major D.C.O. in cadets, Shipwreck '87, Football (7 years, Captain of I.S.L. undefeated championship team), Hockey (6 years, U14, U16, 2nd's), Rugby (4 years, U15, U17, 1st's member of the rugby tour in Scotland), En France (1884)
COMMENTS: After 7 years at S.A.C. all I will ever do is remember. S.A.C. has watched me grow older and hopefully wiser. The experiences and opportunities available to one who attends this school is vast. My seven years have been filled with joy and hardship, frustration and appreciation. I owe much of my success to all the masters at S.A.C. Especially those who became second father to me; Mr. Jackson, Mr. Dunford, Mr. Robinson, and Mr. Kinney. I would also like to thank a very special master, Mr. Walden for his time and efforts. (Thanks Waldo) My memories of this school will live forever, 1st Football championships '87. My early morning breakfast parties with Paul and Jim will never be forgotten. My greatest and fondest memories will be all my friends. Without them I would never have made it. Thanks Paul, Chris, Brothers Grim, Jim, Conrad, and the rest. You know who you are. Like they always say, "You only get out what you put in". Well, it's true. My 7 years have been great. And there is no other way to explain it. All my final memories are of the people who made this possible. To both my parents I can only say thanks and I love you. Without your hard work and sacrifices this never would have happened. Thanks again Mom and Dad I will always remember. And to my biggest fan and friend who helped me get over my final obstacles, thanks Jake, I owe you one.
NEXT YEAR: University

Paul Paletta (1983-1987)
NICKNAMES: Polly Wolly, Chooch
SAYINGS: "I know", "O.K. Irv!", "Oh Yah!", "I let him go", "You're terminated", "B.F.G., B.F.W., T.F.N., A.F.T.", "It's BK right Irv!", "Oh well!", "Let's roc", "Mr. J we've got to fudge this one!"
ACTIVITIES: Prefect, House Captain, Lieutenant, First Football (2 yrs. - Captain ISAA Champions), First Basketball (3 yrs.), Recreational Golf Squad, Tuesday Night Vid Club, Late Night With Letterman Club, Powersnooze Club.
COMMENTS: Upon arriving at S.A.C. in grade 10, I thought my private school days (daze) would never end. But now, at the end of a four year stay, I'll never forget it. S.A.C. is a place for anyone who is willing to take advantage of its many fine component parts. As I have learned, there is something for everyone at S.A.C. During your career at S.A.C. one learns leadership, responsibility, friendship, and most of all independence, all of which are inestimable in life. But to survive at S.A.C. is not to survive alone. Your friends are the ones who teach you never to quit and these friends will last a lifetime. To Mr. Jackson, my tutor, I owe sincere thanks. He was always there when I had a problem and he is a definite asset to the school. To the friends I leave behind, the best of luck to you all in the years to come. Lastly, I would like to thank mom and dad for giving me the opportunity for this education. I'll never forget it. And to my brother, Michael, good luck: I know you'll do well.
NEXT YEAR: McGill or Western

Chris Irvine (1982-1987)
NICKNAMES AND SAYINGS: Irv., "I know too.", "Oh yah!", "You're terminated", "I lied", "Let him go", "It's BK night, Paul.", "Oh well", "Let's ROC", "B.F.W., B.F.G., A.F.P.", "The SUPREME BEING: is this guy for real?"
ACTIVITIES: First Hockey (4 yrs., Asst. Captain, O.F.S.A.A. champs), First Track and Field (4 yrs.), First Cross Country Running (2 yrs.), Recreational Golf, Tuesday Night VID Club, Late Night With Letterman Club, Powersnooze Club.
COMMENTS: Throughout my long stay at S.A.C. I have often wondered, as many Andreans do, is S.A.C. really worth it? After much deliberation I have come to the conclusion that, yes, this once in a lifetime opportunity is undoubtedly worth going through. The friends and knowledge that I have gathered here will last me a lifetime. Things that I might not acquired anywhere else. If there is one lesson that I have learned from S.A.C. it can be summed up in the words of M. Jagger: "You can't always get what you want. But if you try, sometimes you just might find it and you'll get what you need." Thanks mom and dad.
NEXT YEAR: Queen's Commerce

P. Andrew L. Silverthorne (1981-1987)
NICKNAMES AND SAYINGS: Silver - (If required, attach suffix here), Slav, etc.
SAYINGS? Pick your favorite ten and fill in here: . . . (Nothing can truly be original)
ACTIVITIES: House plays (2 years, actor then director of winner), First hockey (4 years, 87 O.F.S.A.A. champs, video-man & various other positions), Golf Trainee, scuba '87, House captain, Late Night with Letterman Fan, Room 113-114 dining club, also long-term supporter of Dubé's crazy ventures club.
COMMENTS: Not only is this a bad picture of me, but it is of the wrong side of me. Chapter 3 of my autobiography (in paperback) covers my long stay at St. Andrew's rather well, but here's an abridged version about what I learned: 1. "Give every man thine ear, but few thy voice: Take each man's censure, but reserve thy judgement." = Shakespeare. 2. "The friends thou hast, and their adoption tried, Grapple them to thy soul with hoops of steel, But do not dull thy palm with entertainment Of each new-hatch'd, unfledged comrade." - Shakespeare. 3. "Use of this product may be hazardous to your health. This product contains saccharin, which has been determined to cause cancer in laboratory animals." - CareFree sugarless gum. These are only a few things I am grateful to the staff here, my friends, my parents and Life Savers, Inc. (U.S.A.) for. Thanks for the educational experiences, (place name(s) here - you know who you are)! Entering St. Andrew's as a nervous child, I now leave you as a confident young man.
NEXT YEAR: Still waiting (and hoping) for Caltech

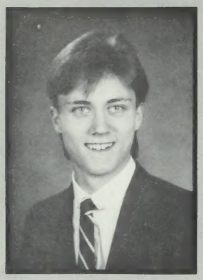


Jan Freyman (1986-87)
SAYINGS: Rm. 159 wrestlemania; raiding-paper, water, pillow – anything goes; "what time does class start, Brian?"; "did you do that?!!!"; "what're you buying Brian?"; "Gilles you're the smartest!"; "Rich, d'ya have any food?"; thanx Khan; "Dave you going to Finch?"; "We going to Fitz's tonight?"
COMMENTS: "Some guys have all the luck
Some guys have all the pain
Some guys get all the breaks
Some guys do nothing but complain"
- Rod Stewart

This, my first year at the extremely cliquey environment of St. Andrew's, I found that it was both very hard to fit in and that I didn't really want to fit in. Rather St. Andrew's offered me the opportunity to work so I could achieve university acceptance thus getting out of the school and progressing to institutes of higher learning. There were unfortunately or fortunately deviations to this rule.

"Looking out on the city tonight and I'm
Wondering why. Trying to figure out what
I'm doing wrong. I am lost in an ocean of
Mixed emotions now. Everything I held
Sacred now has gone. Here am I far from
Home learning how to be alone."
- Rod Stewart

Drip, drip, drip . . . To all the people I've met and to all the friends I've made here – I wish you all the best of luck and thanks for a good experience, Wawa without you I would have never made it and I just want you to know that, to my mother and father who will never know the school, thanks for the experience, caring and understanding. I'd also like to thank the Academy, my aunt, my grandmother, the actors, my grandfather, my co-producer, my brother, my sister, my producer and all . . . Khup Khun Krap



Brian Fordham (80-87)
NICKNAMES AND SAYINGS: Fordie, Fordum, "Jan, do we have a spare first period?", "Hey man!", "I'm getting ripped off", "Shut up I'm thinking", "It's his attitude"
ACTIVITIES: Rugby (a long time ago, I matured), Under 15, 16 and 2nd Football (3 years), Assistant lighting manager (2 years), Lighting manager (3 years), M.W.O. for cadets, School rep for Mac Tourney (2 years), House Captain, Room 159 wrestling matches, KRC club (once only), 1st team illegal leave, Helping Jan get into university, S.A.C. taxi service, one bounce club.
COMMENTS: First of all many thanks to Mr. Foy, who's managed to place me with 3 different eccentric roommates in the last 4 years, Mr. Smith, D.A., J.F., G.R., and several others who never made it, for making my seven years more memorable. I would now like to add that my seven years at S.A.C. did not by any means seem short. No doubt within this time I have made many mistakes and I now feel confident having made so many that I can foresee them and hopefully limit them to only a few, which should be to my advantage in the future years. Confidence, setting yourself a goal and achieving it is the largest impact S.A.C. has had on me.

I feel prepared for what lies ahead as I carry with me an education that I know will not fail me. That of course does not only include the academic side but the friends and people I've met through the years, and the good and bad times which I have learned to cope with.

I would like to thank my Father and Grandfather for allowing me the opportunity to attend S.A.C. and to my Mother for her encouragement and understanding.
NEXT YEAR: Western, Queens, or Laurier

Giles Robin (1986-87)
NICKNAMES AND SAYINGS: Guy, Frog, Froggie, Stupid, etc: "Don't worry guys our plans for this weekend are set. You can depend on me."; "I'm sorry guys, I have to change our plans."; "So, J n, How's Bernie?"; "No, I don't speak with an accent, you do."; "Ken, . . can you write my grad comment for me?"
ACTIVITIES: Second Football, French Club, Debating Society, First team Suntanning (second term), Wrestlemania IV in Jon's room, All Hallow's Eve at Jen's, Midterm at Sageen, March at school (studying of course).
COMMENTS: Although my stay here at S.A.C. was a short one, I truly enjoyed it. I came here with the intention of mastering the English language, and left with more friends than anyone had a right to have. My thanks to Mom and Dad, J.F., R.D., B.F., D.A., R.F., M.C-Y., and especially K.C. just for being myself.

David Adshade (82-87)
NICKNAMES: Adverb, Dewey, Weeble, Adman, AJ, Rat
ACTIVITIES: 1st Football, 1st Hockey (mgr.), 1st Rugby, 2nd Football, U17 Rugby, Downhill racing. "The Music man', 'Top Table' (Best play) and 'Refund' as Fizzie. SOMA '86 (The Haitian Nation Delegation), Housecaptain, One bounce club, Scuba, 159 Wrestlemania, Flaub on the two year plan, Fitz Stop, WO Flag Party, Bugging Jan Northbay with Brian, and Chapel avoidance.
COMMENTS: For the last five years Saint Andrews has been my life and I have prospered here. This will all end on a June day but I am prepared and anxious to move on to new experiences. I am fortunate to have been taught and coached by such great people as J. Smith, F. Hiltz, B. Rauflaub and G. Ackerman. Saint Andrews offers alot for those who are willing to get involved and if you grasp these opportunities you will be much the better for it.

I would like to thank the friends I have made here who have helped me throughout the years, especially Cally and Fordski. Most of all I would like to thank my parents who have made this opportunity possible and who have guided me in the right direction. I wish my fellow graduates the best of luck and hope that they remember the good times that we have had.
NEXT YEAR: R.R.M.C. or Queens for Engineering

Jeffrey Smith (85-87)
NICKNAMES AND SAYINGS: Piehead, Ninja lips, fog horn leg horn, Lobster, Jeffy. "Ride my Pony!", "Crack some Preds.", "Poundation", "Have a seat.", "Ninja bumb", "Why I otta pound you.", "Fast Forward", "Dealsville!", "Porch monkey", "Block head".
ACTIVITIES: First Basketball, two years, MVP., Captain. First Volleyball, two years, two MVPs, captain and good year award. Second tennis, two years. Stage crew for musical and a part in house plays. Newspapering stiffys room three times. Member of the (W.B.C.), water bomming crew. Pounding Ian, Aman, Sandeep, and especially Chem., Relations, and Calculus with Aman.
COMMENTS: I enjoyed my two years at S.A.C.; coming to the school in grade 12 made me realize the advantages of a private school. I would first like to thank my parents for providing me the opportunity to come to SAC.

During my stay I was happy to see an improvement in the Volleyball program with a new coach, Miss Thomson, and a new attitude from the school. Basketball is my main sport at the school from which I enjoyed two great years not only teaching others skills and leadership as captain but learning myself from coach Joselin and the others.

Academics is one of my weaker areas at school but by taking advantage of a gaol setting school I was able to achieve what I wanted. I lived in Flavelle house under constant watch of Inspecter Foy. I would like to thank Mr. Foy as he played a major role in my life at SAC., as a house master and my tutor. Mr. Foy along with the people in the house makes Flavelle house #1 and me proud to be a Flavellian. Thanks also to my friends at the school who provided great parties and good friendship.
NEXT YEAR: Western or Queens.

Sandeep Sharma (1984-1987)
NICKNAMES & SAYINGS: Sandy, Sharms, Ninja, "ninja defense initiative", "katack!", "dushoom!", "babam", "honchay contay", "blockhead", "piehead!", "Hey! Bumba", "fast forward", "Humiliation", "poundation", "yay!", "Go squat on a cobra", "wanna buy a T-shirt?" "Jeeffi"
ACTIVITIES: U16 soccer, U16 football, II volleyball (cpt.), II rifle team, housecaptain, Head Boy, school musical (Damn Yankees, L'il Abner, & Kiss Me Kate), Fulford debating team, yearbook photographer, Mayfest committee
COMMENTS: I'm sure many graduates have said this before and I am no different. St. Andrew's has been a learning experience. I believe I have benefitted from my short stay but I am relieved that high school is finally over. I'd like to thank all the masters who taught me at S.A.C. A special thanks to Mr. Raaflaub, Mr. Smith, and Mr. Foy. To Chris, Tom, Oliver, and Mike; party hard next year in 13. Good luck to Beaver, Foodil, Jeffy, Ian, Grant, Aman, John, Mark, and Don. Window-shopping was never fun without you all. Keep in touch.

Most importantly thanks to my family, I love you all very much.
NEXT YEAR: Toronto or Western

Aman Shantilal Patel (1982-1987)
NICKNAMES: Paddle, Zacky, Pa, Desi, Guddhay, Kuthay, Amon, Amen (and other derivatives)
SAYINGS: "Uhh, gentlemen!" "Hey, Sandy/Beav, can I see your Physics for a minute?" "Why me?" "Grant, you're just as guilty as raiding them!" "Sir, about that half-mark . . ." "Poundation!" "Ya, someone should kick his teeth in" "You hammer!" "Hi Don!!" "Listen . . ." "Piehead!" "Now look!" "Oh Jeffy . . ." "Lout!" "Don, you tell ____ that I'll methodically kill him! (10/04/87)" "Grant . . ." "How did you do in . . . Ha, I beat you!" "Marky, what time is it?" "Hey Big Guy!" "But I didn't raid you!" "Ahhahaha, 7-UP!" "Jasa, this is CANADIAN humour!" "Pasquale!" ". . . and Sandy, take care of me." "Cool Babylon!" "You —" "Hey guys, I've got some food!"
ACTIVITIES: 2nd Football; 1st Football; U14 Cricket; U15 Cricket; 1st Cricket; scholar; head chapel boy; house captain; arguing for more marks (thanks for the fudge, Mr. Jackson); United Artists For Blockheads; member of the W.B.C.; Sargeant and Master Warrant Officer in the Colour Party; NEWSPAPERING STIFF'S ROOM THREE TIMES; calculating my average ONE MORE TIME; pounding Relations, Calculus, and Chemistry with Jeffy; Woody Woodpecker Fan Club; one of the Memorial House chieftains; skipping chapel & houseleague; pestering Coach; 1st suntanning; pounding Jeffy; going out of my way to pester Mr. Smith (and getting away with it!!); 3-Year Fizzy World Tour; S.A.C. in France '85; asst. head social committee; Bone 2-Year Tour (I DID learn plenty from him); lining wid' de West Indians; Fitzy's Patrol; eating Mom's food at school with the guys; house debates; doing prefect Mr. Treasure and Smith imitations; part-time raiding
COMMENTS: As I sit here reflecting upon the various activities that I have participated in here at S.A.C., I have to conclude that this place has been very good for me. Perhaps I'm repeating what others may have already said, but in a place as demanding as this, you only get back what you put in. The masters that I have been taught by (Mssrs. Smith, Inglis, Hiltz, Kinney, Treasure, Stuart) are all brilliant. The others may not compare to these gentlemen, but given time, they WILL reach asyptotical equivalence. I would like to thank my friends Grant, Sandy, Jeff, Don, Beav, John, Mark, and Adam (good luck next year) for being there. I'd also like to thank Mssrs. Smith, Treasure and Bedard for their support. Last, but definitely not least, I would like to thank my Mother and my Grandmother for making the sacrifices that were made in order to send me here (I love you). To the rest: Good luck in years to come!
NEXT YEAR: Pharmacy OR Microbiology at U. of T.; Life Sciences at Western or McMaster

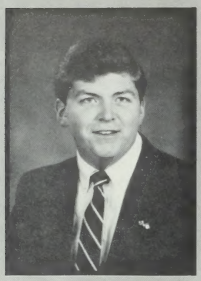
ACTIVITIES: First football, second football, U16 football House Captain, Warrant Officer, Corporal, Reformed Dayboy, first bowling, one-bounce procrastinating club, K.R.C., M.N.D.C., surviving
COMMENTS: Only now upon my departure from St. Andrew's do my ideas on this place truly come into focus. SAC is not just a school but a life in itself. Here friendships are formed and tested, memories are born and experience is gained. There are good times and there are bad - from these I have learned.

There are so many who deserve thanks for their help. The teachers for their support, Mr. Halstead and Mr. Bedard for his guidance. Thank you Dad for making it all possible. Thanks to some very special friends for being there when the chips were down - I couldn't have made it without you guys. A very special thank you to my Mom, without you I would have fallen long ago. You gave me confidence when I had none.

Finally, Chas, Lou, Undé, Skull and Cow - thanks for maintaining the air of insanity that made life bearable, you guys are the best!
NEXT YEAR: Bishop's



TEIFION DAVIES (1980-1987)

"She's not that bad!", "Let's go bowling!", "Let's go to the grid!", "Sorry, Ken Brown can't come to the phone right now . . . !"
ACTIVITIES 1st Team Bowling (I.B.C.), 5 years X-Country Skiing, 2 years U16 Football, 2 years 2nd Football, 1st Team House League, K.R.C., Assault and Watering Crew, Sergeant, Warrant Officer, Member of Super Six and Fab. Five, Member of the 7 year Club and Winner of the Stupidity Award, School Musical, House Captain.
COMMENTS What can one say after seven years "I came, I saw, and now I am leaving" Looking back I see you get out of SAC only what you put in, and now I wish I had done more for SAC. But St. Andrews is just another school bricks and mortar on the outside, very cold, but inside it is the people who make SAC work. There is a conflict for me at SAC, the school making me crazy and my friends trying to keep me sane. Life at SAC is a high wire act, one slip or missed step and there is no net to catch you when you fall.

To Duck Roo, Lou, Bug, Skull, Hi-Ho, Paul, Moe, I extend a special thanks for stopping me from going over the deep end. I must also thank Mr. Whitehead for being my tutor, Mr. Myrans for his *short* notes, Mr. Treasure for being my House Master and to all those not mentioned, I also thank. As for Cadets, I think it is one of the better programs at the school, but it's leadership is a farce, where friendship will do more for you than experience. This is what destroys an otherwise beneficial program.

To those behind me I give this word of warning: Beware of the Administration for the Reputation of the school means more to them than the people who built it!

Finally a special thanks to Dad and Mom without whom this never would have been possible.
NEXT YEAR: Maybe, maybe not!! . . . (Trent University for Polysci)

ACTIVITIES: 1st Bowling, soccer, road hockey, K.R.C., Houseplays, House Captain, Corporal, Procrastinating Club.
COMMENTS: Four years ago a small, shy, warm water boy left his home and took the drive through the gates. I was hundreds of miles away from my home, my friends, and my parents for the first time and I did not know what to expect.

I have changed greatly over the years as I have learned from both the good times as well as the bad Now I look back on that warm September morn and I see how much my friends have helped me through the thick and thin.

I would like to thank the gang: Duck, Cow, Roo, Lou & Skull as well as Mr Inglis, my tutor, Mr T, my house master. I would also like to thank the other West Indians (Pretty Boy, JP, Pinky, Beaver, Roger, Neil, Pascal, ect.) who helped me through the long cold winters

S.A.C. will always be a part of me that I will never forget and I thank my parents for making it possible.
NEXT YEAR: University of West Indies or U of G.F.

ACTIVITIES: 2nd Soccer, 1st Soccer, 1st team Pokey-Hunting. Track and Field, 1st team Letter Writing and Receiving. Weight Training.
COMMENTS: Well yes, the time has come. This definitely was a great experience in my life, but as we know, all good things must come to an end, Ha! Ha! One year at SAC has given me the long awaited opportunity to decide upon a possible future for myself and gave me the time to observe the many characteristics of that small but at the same time big word, LIFE. Now! As we know there are but two sides to the story, now for the Dark-Side. We, and I am enforcing the comment made by my Trinidadian counterpart, Troy Fields, can do without the Saturday Morning classes, it's dread. The Thursday afternoon Cadet session is way, way out . . . This Highlander role that we attempt to portray is not for me. Thank God! my West Indian buddies were there to aid me in my quest for freedom, Roger, Coco, Simon, Neil, The Rebel, Chucky, and Jason.
All my love to my Mom and Dad. Mom for promoting the school, and Dad for sacrificing so much in my name. Good luck to the upcoming West Indian clan.
P.S. All Thanks to my Branksome Hall acquaintances, love you all . . .
NEXT YEAR: Ryerson Polytechnical Institute (Journalism) of York University (Media Arts).

Simon O. Harris (86-87)
NICKNAMES AND SAYINGS: Pretty Boy, Slime, Mr. Authority, Warm Water Boy, Aqua-man. NAMES GIVEN TO OTHERS: Curler, Hersheys, Adrian Adonis, Monkey Face, Pube Head, Chocolate Chip, Winnie The Pooh, Curry, Zacky, Ramyo, Wolf, Casper, Lizard, Red, Bird, Chimney, and Cocomeyer.
SAYINGS: "I'm not amused.", "That's not very mature.", "J.P., you bathe yet?", "Ramyo got on his green pajamas again.", "Let we go tour bout.", "Yo Raster!"

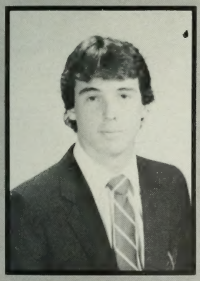
COMMENTS: School days are the best days of your life. This statement never seemed plausiblento me before I came to S.A.C. This is the only school that I've had a true love for, and pride in having gone to. If it was not for being a boarder, I do not think I would have felt the full effect of this school on students. Because of the strictness surrounding study and sports, I have been able to turn my procrastination into self-reliance, to excel, and improve my skills in team sports. Because of the school's small number of students, I've gotten to know and make alot of new friends, which to me is very important. Living in residence taught me to learn to live, work, and co-operate with people whom I care not for and like not, it also taught me to respect the privacy, property, and opinions of others. It has been easy to get to know all of the teachers, even the headmaster, and for them to get to know me, so that special interest could be paid to my areas of academic weakness, and special attention given to my plans for the future. The headmaster is the most able and down to earth man that I've ever met, one whom I could feel free to go to with any problem. A special mention must also go to Mr. ROBO, a true professional in his work, a great tutor and coach, and a good friend. Good Luck to you next year as Housemaster of Sifton House, I'm sure you'll do a splendid job. Many thanks to Mr. and Mrs. Kitchen for the kindness that they have shown me, Good Luck next year with your new job and home. Although this school is a non-profit organization which charges for everything except breathing, its services provide almost everything, so there's not much to complain about except the food, which isn't really as horrible as it's played up to be.
NEXT YEAR: Geomorphology and seismology, so that I can be in oil, Eh Guys?



Jason McFarlane (1985-1987)
NICKNAMES: Mackie, Adrian, Curler, Pinky, Adanis
SAYINGS: "How about those Leafs and Jays", "Aaaa . . . anyone seen Donna?", "Is a bare joke", "Sime ya catch any disease yet?", "Rog, you going down Boarded Hall?", "Rrr . . . ACTIVITIES: First Cricket (2 yrs.), First Soccer, Second Soccer (Asst.-Captain), Second Squash, House League, First Team Sun Tanning
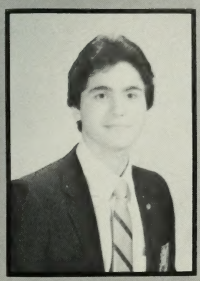
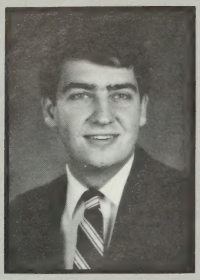
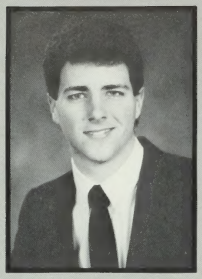
COMMENTS: First of all I would like to say that my two years at S.A.C. have been extremely beneficial both academically and on the sporting field. However, I found it somewhat difficult adjusting to some aspects of life here, such as cadets and Saturday classes, which I fortunately did not have to put up with back home in the Barbados. I would like to thank all my teachers for their help, especially my housemaster, Mr. Treasurer, and Mr. Robinson, my year-long coach and tutor. Special thanks also to some of my West Indian comrades: Rog, Sime, JP, Coci, Neil, Chuck and Ramyo whom without, I would not have survived. Most of all, I would like to thank my parents, grandparents Mands and everyone else who gave me this fantastic opportunity. Good luck next year Rog, Coci and Wolfman!
NEXT YEAR: Hopefully Ryerson or York



Richard Andrew Fadil (1982-1987)
NICKNAMES: Foodil SAYINGS: Thats too bad. No rush man, they need me. Sometimes you just got to say what the'?!*. That's interesting. I can't do that, I'm the head of the house. Yo man, I want to go into town, who has a car? Hey John, what's in the fridge?
ACTIVITIES: Squash, Cricket, Tennis, Mayfest Committee, House Captain, Prefect, Head of House, Fitz-stop, 1:00 am operator, eating.
COMMENTS: To all the masters, relatives and family that have made my stay at S.A.C. most rewarding, I thank you; however, a special word of thanks to my mother and father for making my stay at S.A.C. possible. To relate even a fraction of my experiences, achievements and human growth is impossible in such small space. Things that I have learnt academically and more importantly about human nature will surely be of the greatest benefit in the future. Friends are a big part of S.A.C., especially as a border, for those one or two friends become your family away from home and to them I wish the best that life can offer. School and house spirit was also important to me because it is something very rare and precious that is found in few schools. Being part of a house from grade 10 to 13, and becoming a prefect of the school, as well as the Head of House of Flavelle gave me prode in myself and the school. Because of memorable experiences at S.A.C. writing this graduation comment was very hard. I had mixed emotions about being happy to leave and sad to go; however as Samuel Johnson said, "Life affords no higher pleasure than that of surmounting difficulties, passing from one step of success to another, forming new wishes and seeing them gratified."
NEXT YEAR: Princeton Univesity

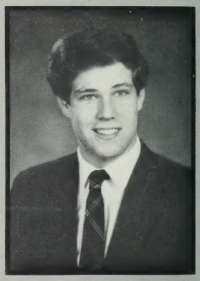


Ivan Lavrence (1982-1987)
ACTIVITIES AND SAYINGS: debating, cadets, subscriber to *Library Life* magazine and, the most noble of them all, the HOUSELEAGUE ADMINISTRATION and COORDINATION COMMITTEE . . .'' 3811863''. Sizwe Bansi lives.
COMMENTS: It may seem insane, sitting in class on a warm spring Saturday morning and attending debating meetings until some strange hour of the night on a Friday in preparation for the ''big'' tournament, but St. Andrew's inspires this kind of effort, and would not be the same to me without it. Effort, that is, on the part of the student; it would be very difficult to pass through the gates and avoid getting caught up in the experience. There is no such thing as a ''Day'' Boy.
For me, this school can be best summed up as an ''education'' and I would like to thank again all those masters who made an effort as well, particularly Mr. Ray and Mr. Inglis. For those friends in (or at) my wake, I leave the immoral almost-words of John McCrae:
''To you, from fleeing hands we throw the torch; be yours to hold it high.''
Just try not to burn the buildings down in the process.
NEXT YEAR: U. of T.



Beric Farmer ('82-'87)
SAYINGS: . . . or whatever. I don't know, I'm not sure (I'll have to ask Kristy.) So I was walking down the hall – de de da de de de . . . That's right – Eric with a B in front of it.
ACTIVITIES: 1st Rifle Team (5 yrs.). 2nd Volleyball. Occasional debator. Lieutenant. Astronomy Club notice appreciator.
COMMENTS: It's funny. I've spent five years of my life at St. Andrew's and for most people, the only thing that remains of me is what's written here. Fifty years from now, some Grade Seven kid is going to flip through this book and laugh at my hairdo. Shouldn't I try to say something that will make that kid stop and think, ''Hey, he was a cool dude!''? The way I look at it, the friendships and acquaintances I have already made are probably the only ones worth pursuing at St. Andrew's. These friends I thank, for friends make St. Andrew's what it is. When you look back, you don't remember the Physics or Math exam that you aced; you remember the time you smuggled your friend off campus in the trunk of your car, or the time you and he broke into the Art Portable on the weekend to finish your assignment. And at St. Andrew's, you have to count the masters among your friends, perhaps not in the traditional sense, but as someone who cares about how you do and what you think, and who is always there when you need help. So to Steve, Marty, Ivan, Mark(s), Mr. Whitehead, Mr. Paolini, and all the other friends I've made and masters I've had, I say thank you. And to that anonymous Grade Seven kid, I say: ''Get a haircut, Pal!''
P.S. Some of you probably think that what I just said is a lot of sentimental garbage. If so, you're probably also one of those who seems to enjoy trying to make life miserable for some of the people here. I'd like to write pages telling you what I think of you, but there's no sense in writing words for someone who probably can't read or understand them. (Please excuse the negative tone, but I've been wanting to do that for five years.)
NEXT YEAR: Architecture at Waterloo.

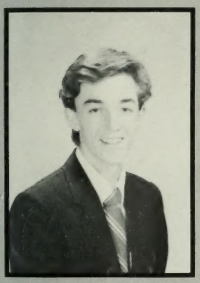
Steven Dengler (1980-1987)
NICKNAMES: Dr. Dexter Quail Exnon, 'Chen.
SAYINGS: ''Fneh'', ''I've got this great idea!'', ''15?'', ''Sir, it's not my fault, but . . .'', ''You can come if you go in the box, Mike.'', ''Fargomere'', ''Shazaaam!'', ''Cool-O'', ''Really?'', ''Gzormenplatz'', ''14?'', ''Shaps!'', ''Really.'', ''1 to 1 . . .'', ''Teeny-bopper'', ''Cops!'', ''I lost it, sir.'', ''Sorry I'm late.'', ''Boosh'', ''Fweeb'', ''Boonk'', ''Carte blanche'', ''Oooh Aaah'', ''Wah.''
ACTIVITIES: Debating (V.P.), Atsronomy Club (co-pres., Founder), Drama, ABC Semi-Annual Ottawa club (only member), Football-ish, Scuba, St. Andrew's College Liberal Youth (ha!), International Affairs, Founder of Group 8, Marble Machinist, Painting Planets, Hanging Chad Ropes, Rifle Team, Astronomy Club notice writer. Invaders from Pluto's Future and other video exploits. Gorky.
COMMENTS: I've waited ever since grade seven to do this, and even with that this has been submitted late. There are two things I will do: give advice and give thanks. Advice: St. Andrew's is the best school this side of the outer mantle. However, you only get out of it what you put in. (Actually, twice what you put in is closer.) No other school gives you the opportunity for enrichment and expansion like St. Andrew's. If they say they do, they're lying. If you do many things here, not only do you benefit from the effort, but so does everyone that you include or benefact. This is what makes the school - people who don't put in to the school are the ones who complain about this, that, or the other thing. If you don't like something, say it! If you want to do something, join the organization that does it! If there isn't one, start one! Never let other people be the ones who direct your life. Don't be antisocial or a recluse, but never cut yourself off from experiences that scream out to you. Thanks: Ivan, Beric, Marty, Mark D., Mark L., Mike, Kevin, Tim. Better friends there never were. Thanks Mr. Smith, Mr. Stuart, Mr. Hiltz, Mr. Kranz, Mr. Inglis, Mr. Ray, Mr. Treasure, Mr. Jackson. Ditto for teachers. Thanks also to Mr. Jacques for everything. Thanks especially to my parents for this monumental opportunity.
P.S.: I took out a full page in this yearbook, so check that space as well.
NEXT YEAR: Instant travel to anywhere and SDI millions. Failing that, Western for Aerospace.



Donald William Martyn Bone (82-87)
NICKNAMES AND SAYINGS: Martini with a twist, Gnaw, Boner, Partyman Zanbar and finally Zanbar Neon. ''Oh Wild!'' ''Oh come on, it'll be fun'' ''Hey, guess what I just noticed.'' ''Well he can't get kicked out of everything'' ''Zing zang zong and don't forget to zam the equalizer.'' ''Hey guys, look what I found in the fridge!'' ''Donnez - moi un casser'' . . . and all that business.''
ACTIVITIES: Volleyball 3yrs. Shooting 4 yrs., House League every year, Social Debater, Best Cadet, Cdt. Captain, E Company Commander 2 yrs. 3 year Physics and triple Kinney Vetran, Atsronomy culb Co-president, Locker-room Pharmacist, Member of the Library - bum-around Club, Xenodriver and infamous Nobel member of Group 8.
COMMENTS: I have always prided myself on having an open mind, realizing both the good and the bad, but also realizing the memorable and the forgettable. Bad times are to be learned from then forgotten, but I will always remember the best part of St. Andrew's: the people. Thanks to the staff (Library, Bookroom and Infirmiry) and forgive the kitchen staff for they know not what they feed us. Thanks to my friends Mr. Myrans and Mr. Smith. Thanks to Mr. Stuart for lending me that quarter in Grade 9 (I might still be up there). Most of all, thanks to the best of friends: Steve, Beric and Ivan, for five years my faithful cohorts and conspirators, keepers of the God switch, ''Fneh!'', Captain Grammar, Nobel Blasters and ''well I dunno guys''; Lige the Trek Trivia master, ''blHottaH chay'?''; Davidson the supressed headbanger and favorite Officer; Manze, my Mr. Newmarket social-type person; and O'Connor that freaky short dude. How can a guy be so lucky? Thanks to my mom for teaching me to care, and to my dad for showing me why. And thank you Poppa for sending me; I now know effort is a reward and the best form of gratitude.
NEXT YEAR: Science at Western

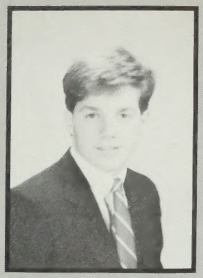
Mark Davidson ('81-'87)
SAYINGS: Yes Tim, I only have one class today. I hate Sizwe Bansai. No Ivan, your jokes will never beat Lige's. My brain hurts. You twit/knob/cobber.
ACTIVITIES: 1st team sleep, Star program officer, Cdt/Maj/Adj.
COMMENTS: SAC is one of the few places where one is encouraged to understand oneself and to relate this understanding to the academic world. Messrs. Robinson's, Timms', and Ray's classes were pre-eminent in this. I was permitted to think, express my opinions, and grow as a result.
Thanks to mom and dad for remaining calm in the face of all this.
NEXT YEAR: Who knows?

Mark P. Lige' (1985-1987)
NICKNAMES: Leajer, Leaguer, Ligger, Commander Helium
SAYINGS: "Hey, did you hear the one about . . ." "How about some Trek Trivia?" "Darn, I've gotta take the bus again . . ."
ACTIVITIES: Senior Debating Society, 2nd Term Fulford, Chess Club, Astronomy Club, Cadets, House League, Carol Service Ensemble, cross-country skiing
COMMENTS: Though I've spent only two years at St. Andrew's College, I can honestly say that those have been the best two years of my life. It does not take long to realize what a very special school St. Andrew's is. I have experienced a sense of belonging here that I will always remember and cherish. In addition to a superb education, the school has helped me towards becoming a well-rounded individual through its wide variety of extra-curricular activities. The dedicated masters helped me recognize and refine abilities within myself I never thought existed. To these masters I give my thanks. I must also express my deepest gratitude to my friends, who were always there to give me support and encouragement.
As I take that bold step out into society, I can find confidence in that St. Andrew's College has prepared me well for what lies ahead. Farewell, and all the best.

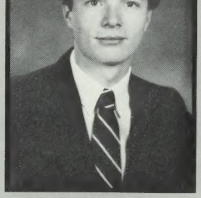


John Dunlap (1982-1987)
SAYINGS: "Nice Shoes, Chadwick?", "Hey DePiero, let's get Ed!", "Frank, you look lost!", "Yo Ed, nice general electric dog!", "Hey Pete, tell Mr. Fraser I have a dentist appointment", "Zoinks!".
ACTIVITIES: Seemingless years of Frazoo's track and cross-country teams (M.I.P. twice), survivor of P.G.K.'s ruthless (I.S.A.A. champion and O.F.S.A.A.) ski team, sergent in cadets (who should've run the cadet stores. What a farce . . .), and a member in the GREAT standing of the 3:05 flee club.
COMMENTS: Five years have come and gone, but never will they be forgotten. St. Andrews has come to mean many things to me, but primarily I feel St. Andrews is people. While at S.A.C. I have been exposed to many diversified types of people. Some I dislike, most I tolerate and a select few I have made lasting friendships with, but we all know that it takes both sun and rain to make a rainbow. St. Andrews has provided the rainbow for me and I would like to thanks St. Andrews for motivating me to search for my own pot of gold at the end of the rainbow. I would like to thank all of my friends for being part of my rainbow and to all Andreans . . . I hope you find your pot of gold. To Mom and Dad - Thanks for the opportunity and the support to take advantage of it.
NEXT YEAR: Queen's, Yale of Tallahasse bound

Mark Jerome McElroy (81-87)
NICKNAMES AND SAYINGS: "Mac", "Big Mac", Little Mac", "Big Guy", "Big M", "Little M".
ACTIVITIES: House Captain, First Soccer (two years), MIP one year, 2nd Soccer, First Track and Field (two years, I.S.S.A. Ch. 2 yrs. MIP one year), U17 Track and Field (two years), U16 Ruby, U14A Criket, first team 2nd term House League skipper, Corporal Rightmarker, Warrant Officier.
COMMENTS: Well, I guess the time has finally arrived and after reflecting back on the ups and downs (physics) of my stay at St. Andrews I can proudly say that it has been enjoyable. Like a closing chapter of a book, I would like to thank some of the staff that made my stay so enjoyable. I thank Mr Mryans for taking a personal attitude to his students, being dependable and in my opinion one of the best History teachers that I have ever studied under; Mr. Robinson for being a great tutor, whose wisdom guided me through my early academic career; Mr Jones Sr. whose classes and philosophy on life cheered up the midweek blahs; And finally my parents who made this all possible.
NEXT YEAR: Biochemistry at Waterloo or Engineering at Western.



Christopher James Roberts (1981-1987)
NICKNAMES AND SAYINGS: Anonymous, Kermit, Pooch, Michael J. Fox, Anyway Ed. Hev (Eddie, Simon, Matt)!, you want to give me a ride home, don't you., Waldo where's my $40.00, Eddie, you're a wop . . . No just kidding!, Where's the clutch., Hey Keats! Gobbler! Let's go photocopy our faces., BAAJOUBAHH!!, Nick can I borrow an album, Have you heard that group called . . ., O no U!, Hey Ed, you're looking a little green today., Life as we know it is over., BAMB!!!, Sorry Conrad, I'm a married man., A hearse!! Ed. want to buy me lunch., Classic Coke., Nutrasweet kills brain cells!
ACTIVITIES: Downhill skiing (4yrs.), U16 football (3yrs.), Second football Second football (MVP), Track & field (5yrs.), Track & field ISAA Champions (2yrs.), OFFSA relay team (RAD, RONNY, KERMIT & SPEEDY), LT.#7 platoon, Chairman of service committee.
COMMENTS: Well, its been six short years of learning, character building, and making friends. Two friends in particular who have been there since that fateful Sunday in September 81'. Eddie and simon, you define the words "true friends". Someone once said "Friendship's the wine of life". Then (Conrad) boy, am I hammered. Thanks to the ultimate crew of friends: EDP, SM, MS, BW, SK, NM, GC, SA, TR, J + PS, SMc, PP, LM, TP, CB, TC, SL, DS, PM, GN, DC, RD, RS, CI and CW - Keep in touch! A special thanks to two people who I admire greatly and always will, Mr. Fraser and Mr. Kinney, you've been great coaches, teachers, and friends. I've enjoyed my stay at St. Andrew's and will always be proud to be an Andrean. Sure S.A.C. has its good and bad points but doesn't everything! Lastly, but certainly not least, thank you Mom and Dad for sacrificing so much. I'm greatly in debt for what you've both done for me.
NEXT YEAR: Western or something else, followed by Western.



Simon John Murfitt (1981-87)
NICKNAMES AND SAYINGS: Smurf, Murf, Smurfette, Time to go be religious Oh, Shall I say a few words . . .? Want a ride? Did we miss chapel again? So Chris, has your Dad given you your first beer yet? Wwwop!!
ACTIVITIES: Pipes and Drums, rugby, cross-country running, nordic skiing, cricket (until one broken thumb and mild concussion), Quebec 85, House play 87 and various other dramatics, and yes even some debating.
COMMENTS: I made it, with two months to go I can safly (I think) graduate from this magical, mystery tour we call S.A.C. During my six years, I never believed I would be able to write these comments, and it wasn't until last September, I realized I had a chance. A three month jaunt in grade 11 didn't help matters, but I've managed that obstacle and others, for that I must thank both Mr and Mrs Robinson.

No one can survive an institution like S.A.C. without a few good friends, and without them I never would have made it. And I must say thanks, Chris and Ed for being there since day one. Trevor for showing me my cynical side. Graydon redecorating my truck, I'll always carry a little bit of you (literally). Nick and Scott for showing me the meaning of abuse. Conrad, Grant, Oli, Gille, Liam, Mark, Glen and everyone else for just being yourselves.

I have another set of friends, ones who had another gift, knowledge. Mr Fraser, Mr Kitchen thank you for your adivce, help and understanding, in the classroom, on the field and anywhere else I needed it. Mr Halstead for always being frank and open, even though I'm NOT going to Trent. Mr Ray, for making me ask more questions about myself and the world around than I ever thought possible. Mr Stuart for caring enough to yell.

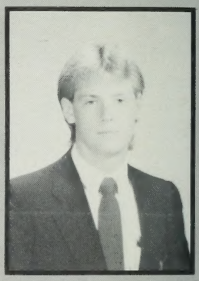
My deepest thanks must go to Mr Bedard and the S.A.C. foundation, without whom, my voyage never would have begun, and my family, who each in their own way sacrificed so that I might be an Andrean. Mum, you had a dream, I hope I proved worthy.
NEXT YEAR: Good question? Queen's or reality?

Steve LaFay
FAMOUS SAYINGS: "They're hell!", "oh, fer sure", "FERBALANCE!!!" (thanks Bob), "I know too", "BINDER!" "I hate Nichols!!", "Let's get jackets and rings" "Lemieux sucks, Shandy!", "I've got a scholarship to Williams next year."
ACTIVITIES: 1st Hockey (an array of trips over 3 years such as Chicago, Lake Placid, New Jersey, and best of all, North Bay) Finally winning O.F.S.A.A., Beating Notre Dame twice and Cranbrook in front of all my fellow Andreans, 1st soccer (2 years), Lieutenant of 2nd Platoon, Representing Cadet Corps Banff (summer of '85), Fort Lauderdale '86 with Binder, Irv, Gobler, Comf and Freddie (thanks guys)
COMMENTS: For three years I have struggled to keep the balance between commitments to S.A.C. and commitments to S. LaFay. Yes, one does miss out on a lot of experiences in attending a school that demands so much time and effort.

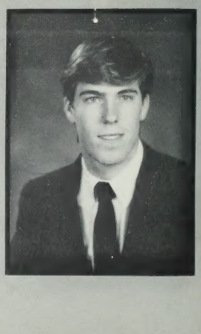
Yet in doing so, it rewards the student with so many colorful experiences that it becomes evident that all the toruble really is worth while.

S.A.C. is a place in which a person is constantly pressed to give more and more of himself. I have been faced with many hurdles in my three year stay, some I cleared easily, some with great difficulty, and some were insurmountable to me. Along the way, holidays became appreciated more and more as a relief from stress. However, by being exposed to pressure early in life, I feel that S.A.C. has better prepared me for "the real world" and hopefully university.

I am greatly indebted to my family (Mom, Dad, Wayne) for helping me through S.A.C. and to D.A. for the moral support. Thanks guys. Thanks also to Mr. Clements for listening to me when I was so "uptight" and to Mr. Jackson for looking out for me. Mr. Smith must be mentioned for his help with university problems. Lastly, I would like to thank Mr. Dunford for teaching me more about hockey and the meaning of commitment than he'll ever know. Also, thanks go to Mr. Kimmerer and to Mr. Grenier who stepped in and did a fine job. You guys were more than just coaches to me, you were friends. Thanks to all my friends for making the bad times seem better and the good times seem like the best! Thanks also to everyone who has helped me despite my blindness in overlooking you. So long to B.W., S.K., M.S., C.B., E.D.P., C.R., T.C., D.C., and C.I. Good luck next year and see you all as an old boy.
NEXT YEAR: Western, McMaster, or who knows where.



Todd Phillips (1980-1987)
NICKNAMES & SAYINGS: Animal, Toddy, Phil., Philly, Buzz, "Careful Derek I know what that really stands for!", "Wow, another tough exam", "Well Todd, what happened with her last night, huh?", "No I have to look after my little brother", "Road Trip", "What state do you find this weekend?", "Yes, I do play polo", "Steve, polo takes more skill than hockey - admit it", "John, you fouled again!!", "Yep we're the champs!", "O-company".
ACTIVITIES: North America's Interscholastic Polo Champions (1984, 1987), First Football ISAA Champions (undefeated), Second Football Champs (84&85), Second, Under 16 & Under 14 hockey, Under 14 Soccer, Junior Track Team, First Dayboy 3:10 Track Team, member of various trips across the US., P.I.T.A. club, I.H.M club International. I also hope to get around to joining the procrastination club, as well as cadet warrant officer, and captain.
COMMENTS: I can't believe that this is finally over. Seven years of S.A.C. has taught me many lessons, not all of which I enjoyed or wish to remember. There are many aspects of the school that I felt I couldn't agree with, but I trust that they will be made to seem more clear to me in latter life. I have met many unique characters here, and find that I did enjoy most of the functions around the school. However, this school, as many others, is not for everyone. With S.A.C. being such a closely knit community, one finds that he is not always allowed to express himself in ways that the administration agrees with. I don't think that I will ever forget S.A.C., especially some of its masters, such as Mr. Jackson, Mr. Robinson, Mr. Kinney, Mr. Myrans and most of all Mr. Dick Gibb who was an exceptional teacher and man. Finally, I would like to thank my friends and my mom and dad for their 'nagging' and support.
NEXT YEAR: Hopefully playing great polo.

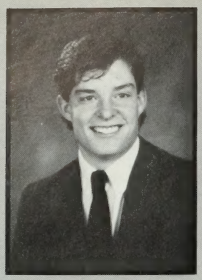


Duff A. Chadwick (1982-1987)
SAYINGS AND NICKNAMES: "Chads", "Chadzer", "Husker Duff", "Rockabilly", " The Urban Cowboy", "Samara" "Look Gilles, learn how to speak English then we'll talk." "Forget it Steve, I'm not giving you a ride home even it you forgot your jock strap. Take your chances and pay the consequences." "when are you gonna get a car", "Don't bug me, ya knucklehead." "If it wasn't for exams I'd be going to Princeton but . . .", "Relations will be the death of me." "Jan, you can stay at my house and we'll go to NHS together" "John, they've been in the washroom together for a long time . . . Zoinks", "Yes, I still like the Stray Cats" "What do you mean who's Steve Earle?", "Gee John I think that's Wayne's favorite colour too", "Cally, please don't grow anymore.
ACTIVITIES: Oh God there's just too many to mention #st Team flee (captain for this year) (co-captain for 3 years along side my brother) 5 years private (thanks I'm W) Houseleague (rarely) Chief organizer of music assemblies and Mayfest Car Show Official Mr. Halstead impersonator #1 client of Raaflaub's rent-a-Relations Rifle Sangin' and twangin' wherever I could.
COMMENTS: Holy moses Batman, I think it's finally over. Enjoyable, that it was but boy what a rocky road. Five years of Chapel, check ins and Cadets seemed at first like a long stretch of time but it went relatively quick. To some extent I kick myself for not participating in the many extracurricular activities that make S.A.C. something more than the regular high school. It was great though all in all. Thank you to all my friends, especially Cally, who was always there when I needed a lift in spirits, about 6 feet, and my teacher's especially Mr. Smith and Mr. Halstead for their advice, Mr Raaflaub, for his patience, and A.B.J. for just being the great guy he is. Finally and most important, thank you Mom and Dad and my brother Jeff for their support and guidance.
NEXT YEAR: Guelph or cut a record with Handsome Neal.
"Nothin' ever happens 'round my hometown and I ain't the kind that just hang around" . . .
S. Earle.

Tim Callaghan (1982-1987)
NICKNAMES & SAYINGS: Cally, Coach, Timbo, Tough Guy. "Chads you weren't here yesterday, what test did you miss?", "Keep your stick to yourself, Laf", "War, I'm bleeped in Bio", "Ding, go up for fourths", "The Nords are nothing Don and Shandy", "Hierrat".
ACTIVITIES: 1st. Hockey (2yrs, OFSSA Champs '87), Soccer, Golf, Tennis, NCO trainee and 5yr private, Keats' chauffeur.
COMMENTS: After 5 years at St. Andrew's, the feeling I have most about my stay is that of satisfaction. I feel satisfied that St. Andrew's has not only given me a good education and prepared me for the challenges of university, but also that it has taught me a little about life in general.
I'd like to thank all my friends, especially Chads and the Major, a pair of great pals, and also the guys from 1st Hockey - good luck next year in winning back OFSSA! Thanks also to all the teaches who have helped me along the way, especially my tutor Mr. Meagher (BOO RED WINGS!) Mr. Smith (DAY BOYS ARE NO. 1) and ABJ, a great housemaster and a super guy.
NEXT YEAR: Queen's or Western

E. Della Penna (1981-1987)
NICKNAMES: WOP, Genotype, Eddie Della Ball Point Penna, Godfather, Eddie Della Pacino, Scarface, Deli.
SAYINGS: Anyway Chris; Let's Get to music Steve; Get out of the car, you're walking' (fists clenched) that's pretty funny, Chris . . . now you're gonna die; You want me to hit you, don't you?' (after the math exam) Hey Paul, I think tonight is definately McDonald's night; sure you can have a ride. Get in the trunk; Remember . . . I know where you live
ACTIVITIES: U16 football (age 17); Ramsey House play stage crew '86, '87; Cdt. W.O.; 1st team Briscola; Math pizza parties; Beating the Bio. out of Mr. Kinney; Wrote the book on how to get the last word with Mr. Smith
COMMENTS: I still don't understand math. After six years of fully air-conditioned tutoring sessions I still don't get it. However, great thanks must be extended to Mr. Jackson for his help in my quest for that ever elusive 50%. Thanks also to all my friends who helped me immensely in getting through the rigors of high school by being my teachers for the past six years. All in all I . . . (I'd like to take this opportunity to say hi to almost all my friends: CR, SM, PP, SL, SK, CB, JS, BW, PS, MS, GG, CW, TP and anyone else I forgot to pull out of the hat) I enjoyed my six years at S.A.C. and – Oh, looks like I've reached the 380 word limit so I'll have to thank my parents in person. So long, S.A.C.

Trevor Rickwood (81-87)
NICKNAMES: Trev, Revor, Rev, Rick
ACTIVITIES: Cross-country running, Cross-country skiing, kayaking, cycling, photography, house plays.
COMMENTS: I would like to take this opportunity to express my sincere thanks to everyone who has contributed to my education at St. Andrew's. I think that every teacher or coach I have had has left a strong impression not only on my knowledge but on my outlook on life, which is something I appreciate very much. So many individual thanks go out to all of my teachers. I would like to notably thank Mr. Paolini for his friendship and advice on and off the bicycle. I also wish to express much gratitude to Mr. Kitchen for all his years of coaching a great ski team, and for the help and guidance on my education. Many thanks also go to everyone in Sifton House for making my final year so enjoyable and memorable. Finally, I would like to convey my deepest appreciation to my whole family; the sacrifices they have made to send me here are worthy of much more than any thanks I could hope to express, and I am very happy that they have provided me with a St. Andrew's Education!
NEXT YEAR: Continued happiness in Kinesiology at Waterloo.



Paul Stoppenbrink (1980-87)
NICKNAMES AND SAYINGS: Skull, Skullhead, Thumper, Brink, Stoppy, Butterknife, The Quad Marauder, Mr. Violent, "I'll go ya!", "Thanks, Mr. Kimmerer, it hit the spot", "Don't be stupid", "Gobbler is that you're 9 iron over there?", "Phillips let's go to Mike's"
ACTIVITIES: 1st Football (ISAA CHAMPS), Second Football, U16 A and B football, 1st Basketball, 2nd Basketball, U16 Basketball, U14 Basketball, U15 and U14 Cricket, Cadet Private, 7 year plan, I.B.C.
COMMENTS: Seven years at S.A.C. and only 7 of the original 32 survive. The experiences and friendships are innumerable and will never be forgotten. From grade 7 to 13, S.A.C. has been able to teach me something new every day, whether in the classroom, in sports, or in other activities. While St. Andrews has its shortcomings, as does any school, I somehow feel gratitude towards S.A.C. for the valuable experiences that would have been difficult to obatin elsewhere. Thanks to Mr. Meagher, Mr. Harrison, and Mr. Stuart. Of course thanks must also go to my parents who provided the chance to go to S.A.C. but more importantly the continuous support and encouragement. Good luck to next year's grade 13's.
"Enjoy when you can, and endure what you must."
NEXT YEAR: Western or Bishop's

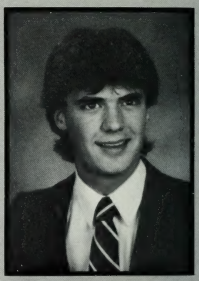
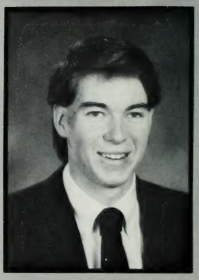
ACTIVITIES: First Football ('86 champs), Second Football ('85, '84 champs), First Rifles ('87), Second Rifles ('86, '85), Second Rugby ('86), seargent, coporal, Mt. St. Anne ('85-'86), First year border, Egypt with Mr. Treasurer, common room card player, member of the Schomberg fan club.
COMMENTS: I have learned the many lessons of life, whether it be on the playing field or in the class room, learning most importantly, life is what you make it. Though S.A.C. has not always been the ideal school in my opinion, it offers much to those who take advantage of it. I have enjoyed my stay thanks to C.B., J.L., B.W., M.S., P.M., T.P., C.R., C.W., E.O., S.L., S.K., & Paul. You're great guys! Finally to the people to whom I owe everything, thanks to Mom and Dad! To those who follow:
"Learn as if you were to live forever. Live as if you would Isidore, Archbishop of Serville
NEXT YEAR: Western

Glen Graham (1982-1987)
NICKNAMES & SAYINGS: G.G., Gipper, Skippy, Bip, "Oh no, another $53", "No man, it's not a twist off", "Blue & Jay", "Hairy Abyss", "They'll bust you for things you never heard of", "Hey Warren, pop the trunk", "Tune the coon", "Busted again, eh Groser?", "Someone could lose an eye".
ACTIVITIES: Football, Basketball, Track & Field, Sweden '85, France Party '86, Quebec '86, Ottawa '87, Wasaga Beach '86, Zulu Crew, Lagerjack.
COMMENTS: I would at this time like to thank Mr. G.T. for his generous support as well as S.R.V. But most of all, I would like to thank my Mom and Dad for their guidance and understanding throughout my years at St. Andrews.
NEXT YEAR: Farming in North Dakota
"I woke up this morning and got myself a beer. The future is uncertain and the end is always near."
Jim Morrison



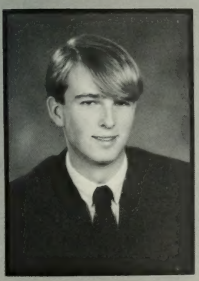
Don J. Seeback (83-87)
NICKNAMES: 'bagger, Weed, Seaweed, fish, Lone, Mr. Sarcastic, B.A. (Bad Attitude)
SAYINGS: "Hey Guys, let's go raid Stiff . . . O.K. not the whole house, just two people.", "Grant, watching the door constitutes raiding too.", "Loul", "Tim, the Nords are the best.", "Talk to ya later", "Gobbler, you're a joke", "F*!! You", "Hey Immy", "When in doubt blame me.", "Should I go to Cadets ? NAA . . .", "SHUT UP."
ACTIVITES: 1st swimming (4 years, ISAA Champs 3 years, MVP 2 years, 2 ISAA records), 2nd Football (3years, ISAA Champs twice, Captain), U16 Football, Service Committee, House Captain, House Plays (2 years, co-ordinating, acting), House Debates, International Affairs Club, All-Star House League Goalie, House Basketball, Midget Flee Club, Skipping Chapel, Watching Hockey, Woody Woodpecker Fan Club, United Artists for Blockheads, Newspapering Stiff's room 3 times, Member of W.B.C. (during Cadets), 1st Foorball (1 game), Looking after various members of the Grade, D.P.
COMMENTS: My stay at St. Andrew's can be summed up by the proverb "things improve with time". After a rough first year in which I struggled, my stay has progressed to being the best time of life, especially in the past two years. St. Andrew's offers much and I'm very happy to have been part of this school. I feel four years is the perfect length of time to be here and I will be looking forward to the new challenges of next year.
I would like to thank all my friends for making my stay so memorable. You know who you all are. I also want to thank Mr. Walden for all he has done and for just being a friend. St. Andrew's has many good teachers and I feel that Mr. Myrans is among the best. I want to thank him for all he has taught me. Finally and most importantly I want to thank my Mom and Dad for giving me this opportunity. I appreciate all the sacrifices you've made for me and I love you both.
NEXT YEAR: Western or Queen's (Arts)



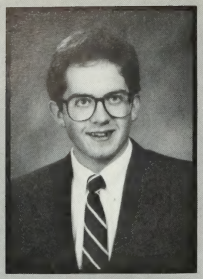
Matthew David Stewart (1982-87)
NICKNAMES: Hatter, Ding . . ., Dr. Juice, Joker
SAYINGS: "No Keats, you can't have a ride. Ask Gobbler.", "Oh for sure", "Cadets or golf? It's no contest!", "Gobbler, that was the worst 'Anonymous' I have heard yet.", "Hey Keats, thank God for the slavechicks eh? Oh ya I forgot you're still holding hands. (Jermaine Stewart)", "Skullhead, don't be so violent all the time.", "Saunas cleanse your pores.", "I hate that guy!", "Dig Dig (Hand gestures accompany this one Gobbler.)", "Come on guys. Seeback is not a cynic.", "Bagger, who is that in the brown suit, JOE KERR?", "Accept it Keats, you're not going to grow anymore.", "What forest did you say you were from Bambi?", "Boner, You're strange!", "Did you know my son's head is shaped like a pumpkin?", "Gobbler, how are we ever going to get into university?"
ACTIVITES: Lead role, musical (2yrs.), 1st Golf, 2nd Hockey (A. Captain, M.V.P.), 2nd Football (Captain, I.S.A.A. Champs), President of the Canadian Equestrian Team, Shipwreck '87, Chairman of the Aman Patel Fan Club, Survivor of Inspector Gadget's hypocritical system with Skullhead and Bagger, Graduate of the 'Al Dunford School of Hockey', Underachiever of the Year for Grade 12
COMMENTS: The secret to success at St. Andrew's is not to get caught up in the political side of the school. This isn't a criticism but a fact. Although at times things look bleak, much growth can be achieved if you remain true to yourself. Respect demands respect and to those teachers who were willing to stick by me when I needed help the most I am eternally grateful. To John and Lee Clements, Mike Hanson, and Robert Meagher I thank you for your friendship and advice.
"A school should not be a preparation for life, a school should be life." - Elbert Hubbard
St. Andrew's gives one a taste of life sweet and sour, and thus provides a base to build one's future. Thanks to Dad and Mom for your sacrifices and your love. I love you both.
"I am not aftaid of tomorrow for, I have seen yesterday and I love today." - White
To: Keats, Gobbler, Bagger, Skullhead, Bambi, Kermit, and Boner.
Thanks for the memories and good luck in the future.
NEXT YEAR: Queen's Commerce or Western (Huron College)

Kenneth G.F. Brown 1986-1987
NICKNAMES & SAYINGS: AKA, Downtown Brown, "Has anyone seen my camera?", "Get out of my room! Now!" "Neat raid guys!!".
ACTIVITIES: Cross-Country Running, Manager of First Team Basketball, Manager of Track and Field, Member of the 10 to 4 club.
COMMENTS: Well, grade 13 is finished. Off to university! But I must say that this year has been real! Special thanks to my teachers who put up with alot without having a complete and total emotional breakdown! Thanks to Mac. Thanks alot! "Gotta . . . Mac??!" and "No I on a Sunday morning again, you're toast! How did you manage to return to S.A.C. Lefoley? I thought you weren't coming back!!! Ken Jessop I'll see you around! Keep in touch, and don't let life get you down. Don't hurt yourself shot-putting, okay? Oh Yeah! I told you, not to hang upside down on that door!!! TO ALL OF THOSE WHO HATE MY GUTS: I LOVE YOU TOO!! To all those I never burned, you're welcome! To those patrons who joined the ISC: No, I don't have any! To Mac who said he'd kill me it I didn't mention him . . .
Christopher Francis McElroy
There, I mentioned you. Lefoley, ZARK OFF!!
NEXT YEAR: Architecture at U. of Waterloo or U. of T.

Steven Keating



Robert L. Wilkes (1983-1987)
NICKNAMES: Gobbler, Cocky Blond-Haired Goalie, Casey, Weasel
SAYINGS: "Banjoubah!", "oh, fer sure", "ah, me tu", "Ferbalance!", "o noyu", "talk toya later, drive safely, "fer free", "Hey, there's Joe Kerr!" "No Keats, you can't have a ride, ask Hatter!", "Hey Bagger, the Bruins beat the Nords again last night." "C'mon guys, we can beat Nichols . . . can't we?", "Hatter, Keats, we might as well go to cadets . . . it's supposed to rain today.", "Kill it Keats!", "Skuller, we've been asked to screen the new applicants to SAC."
ACTIVITIES: 1st Hockey - four years. OFSAA Champs 1987 (finally!), Hounds Beaters 1st Hockey Training with Laf, A.D.B.A. Club with Binder and Irv 1st Golf, 2nd Soccer, Tennis, Florida - Spring Break '86 with Comf and BIF, Binder, Laf, Irv.
COMMENTS: "We always enjoy playing SAC. You always give us a good fight and you never let up. St. Andrew's is definitely a class act, both on the ice and off."
These words were expressed a short time ago by a father of a player on the Nichols hockey club, our arch rival. Little did he know that he had just answered a question that had been lingering in my mind since my first day here four years ago - what makes SAC so special? That reputation of respect for our institution and its traditions along with the emphasis on sportsmanship, honesty and determination, were the factors that attracted me here. Once at SAC, I soon realized that many rewarding experiences and opportunities awaited those willing to put forth the effort. However, I would also soon learn that combining those activities with the numerous responsibilities of the curriculum could lead to a very hectic and exhausting schedule. Reflecting back though, that probably has been the most important lesson at SAC, as it teaches one to set priorities and to choose the areas that really deserve attention. Indeed, Sac was not the easiest route I could have taken to university but has been most certainly the best in terms of preparation.
Overall though, as the years pass by, SAC will be remembered by most of us for the lifetime friendships made in our closely knit community, and that will be especially true for me. A special thank you to M.S., S.K., S.L., D.S., B.F., J.S., P.S., C.B. and also Mr. and Mrs. F. and T.F. for making these four years so memorable. Most of all, I would like to thank my parents for thier undying support and for the sacrifices they made so that I could attend SAC; I really do appreciate all that you have done for me.
NEXT YEAR: Huron College at Western or Queen's Commerce

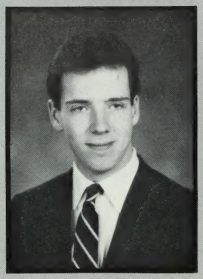


Ian Gilbert Howey (1985-1987)
ACTIVITIES: 2nd Volleyball, 2nd Rugby, Co-Producer of Kiss Me Kate, Formal Committee '87, House Captain.
COMMENTS: I have experienced SAC for two years. Whether it be water bombing in the Spring, perfecting the art of journalism in the Winter, finding a Dewey in a closet in the Fall, or gourmet cuisine throughout the year, all will be well remembered.

Thank you to all the masters and my friends for their support in the last two years. I thank Mr. Raaflaub and Mr. Kinney for their encouragment, Mr. Timms and Mr. Myrans for their understanding and patience, and Mr. Smith and Mr. Foy for their ever-willingness to help with obstacles that frequently emerged in my stay at SAC. To all my friends, thank you for your support, your patience, and your endurace. To Jeff I thank you more then my mere words can say, you have been an inspiration and a great friend, and I will always remember and be thankful for your friendship. To my father I owe the most, the infinite hours of help and understanding you gave me, your patience, your support, all I will be eternally grateful for - thank you.

I want to wish all my fellow grads the best of luck next year and in the years to come, and may you all find the success you're looking for. To my friends that will graduate next year or in the years to come, I give you my encouragement and wishes of good luck.

To St. Andrew's College I wish to bid you a fond farewell and thankyou.
"Farewell to the Highlands, farewell to the North,
the birthplace of valour, the country of worth!
Wherever I wander, wherever I rove, the hills of the
Highlands forever I love."
R. Burns
NEXT YEAR: Huron College or King's College, Univeristy of Western Ontario.



John F.C. Dingwall (1983-1987)
ACTIVITIES: 1st Football (undefeated), 2nd (ISL Champs 2 yrs.), U16A, 1st&2nd Shooting, SAC in France '85, Boston '84, Lt. #10 platoon Debating, International Affairs Club, French Club, Social Committee, 1AM Operator, AMF Award For Excellence In Water-Bombing, Flavelle Wakeup Crew, 1st Team Rooftop Tanning.
SAYINGS: "No Richard honestly theres nothing in my fridge," "Don't worry, Mr. Foy's gone to bed," "Wakeup Chuck!"
COMMENTS: After four years here it is difficult to come to terms with the fact that in a few short months I will be graduating and my experiences here will be over. Next year I will miss SAC and all the people that make it a worthwhile experience. This is a place were enormous personal advancement is possible, if you are willig to forget the petty details and try your best with what you are given. At SAC this is quite a considerable amount, and to this extent I would like to thank the masters who helped me realise this and made my time here that much better. I would also like to thank my tutor Mr. Myrans, and Mr. Foy my housemaster whose guidance pushed me above my expectations. Most importantly I would like to thank my parents, who made the best decision possible by sending me here.

David Martin (1986-1987)
NICKNAMES AND SAYINGS: Usually referred to as "Martin" or other close attempts like Don, Dan, Eric, etc. While others didn't ever refer to me at all.

Most uttered statement "I never see him out of his room" or otherwise known as a desk - aholic, but not necessarily a work - aholic.
ACTIVITIES: Activities included an enjoyable season of football, a winter too cold and long for Houseleague, and the spring term spent cycling, once we got it organized. Spare time was spent plowing through reams of assignments, falling asleep before getting them done, working out the number of school days left in the term, and going on relaxing Buick excursions.
COMMENTS: It was rumoured I was crazy to attend S.A.C. for my final and only year. While I did go somewhat crazy, there was a lot of harsh reality to be gained from the traumatic shock which came academically at first. However the experience has been a sure credit to my future success.

To say the very least, its been a cultural, social and mental experience . . . but if I had to do it again, I wouldn't.
NEXT YEAR: Future institutions of higher learning include Bishop's next year for Arts. If not there, well who knows, its only my life, but heck its fun to live life on the edge.

Colin C.C. Lo (1986-1987)
NICKNAMES & SAYINGS: Hi Lo, Colin High, Coron Row, Colon
ACTIVITIES: Soccer II, Basketball II, Senior Tennis, Head of the Chinese Society, The Most Popular Chinese Guy.
COMENTS: This year was my first year in St. Andrew's College. It is also my graduation year. I am so happy that I am able to graduate from here. Actually, this year was very important to me because it was the first time I have had to learn to live on my own. My first impression of S.A.C. was of a great and venerable Canadian private school with many Scottish influences. During my graduation year, everything was great of course, except the meals. I hope for my non-graduate friend, the school drops their cheese on toast and beans. I want to take this opportunity to thank Mr. Smith who helped me alot with applications to universitits, and Mr. Treasure who is my house-master and found me a new room and a new roommate to live with. Thanks alot! Kenneth! Remember those ER's for insubordination. I am waiting for you to give me some next year. Jamie! Thanks alot for improving my english essay technique and being a good friend. John! Thanks for your ride back to school and being a cool guy. At last I want to thank everyone who helped me this year.
NEXT YEAR: U. to T. or Western

Sean McConkey
NICKNAMES AND SAYINGS: Conkers, Cooks, McConks, Mick, W.A.S.P., Chon, Let's fly., I needed that weekend.
ACTIVITIES: Prefect, Sifton House debating rep., Sargent, Atheletic "A" 1st Volley-Ball, 1st Swimming (capt. I.S.S.A. champs), 2nd Rugger U17 Track and field, Cycling Club
COMMENT: Anticipation, excitement, elation, Trepidation, determination, Effort, joy and jubilation. Honour and duty the culmination. Suspicion, anger, humiliation, Disilusion, disgust and recrimination. So, on to a new beginning! Perhaps, in time, Only the best will be remembered. Thank you to my father my mother and Mr. Walden for their persistant support.
NEXT YEAR: Psychology, somewhere.

Grant Nash (1984-1987)
NICKNAMES AND SAYINGS: Slash, Na', P.D.W.I., "Take it easy" "I didn't raid him, I just watched.", "Windsor is a better place than you think!!"
ACTIVITIES: S.A.C. in France, 2nd Football, 2nd Rugby, 206 1st Swimming, the 10th Hole, 3rd Eye, Shipwreck '86 House Captain, Prefect.
COMMENTS: Tried to play the 'Catcher' but conformed S.A.C. teaches students a great about themselves and with a little but of patience and effort it can provide the opportunity to bring out the best in people. The good is all that counts. Over the past few years I have gained a gread deal of respect for many of the students and masters I have met. They've taught me a lot and I'd like to thank them. The midnight chit chats have been interrupted, but not permanently. Remember P.D.W.I., (that's a wish).
Finally, I'd like to thank my family one couldn't ask for a better brother and sister than Craig and Heather. As for my Mom and Dad, they're two people for whom I have more respect than anyone else on earth. Words are rarely tanscendent to emotion.
NEXT YEAR: McGill, Western or Queen's

Paul Patterson 1986-1987
NICKNAMES & SAYINGS: A#1, Power, Big P, P squared, "I'll get up in five minutes", "I'm going to take a break now", "It ain't easy being me", "Brown - get out!", "Sure I'll clean it up . . . soon".
ACTIVITIES: Cross-country (OFSAA team), Pipes and Drums, First Sleeping
COMMENTS: Some might refer to my stay at St. Andrews as "The Big Sleep" but it certainly was more than that. It was a year of experiences both trying and rewarding but I'm sure in retrospect I'll see it as a positive experience. I'm actually going to miss this place: the late nights, the Gang of Four, Mr. Stuart's calculus class (I guess I'll never be a rocket scientist), hearing "Let's go, gentlemen!" every morning . . . Aah, the memories! Well, thanks to my parents for sending me here and a special thanks to those people who made my stay here more enjoyable, you know who you are.
NEXT YEAR: Huron College

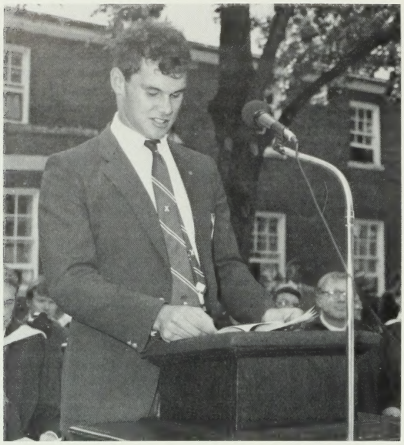
HEAD PREFECT'S VALEDICTORY



Mr. and Mrs. Bedard, Board of Governors, Masters, Prefects, students and guests. It is my honor to be speaking to you today as the Head Prefect of St Andrew's College. It takes some thought, as I found out, to write something relatively interesting and useful when you have to speak to people your own age and older. How can I teach you anything? It is my duty to try and with some luck I might succeed.

A few weeks ago the Prefects held a Chapel service at which we talked about making a graceful exit. It included many steps and ideas, but on this day of departure I would like to speak about only one aspect. If you remember I said that, "we own what we have learned and that experiences and growth are grafted upon our lives". In order to take this idea and use it to make a graceful exit, we must look at two areas: the past and more importantly, the future, but let me start with the past.

Since we can not alter the past, then how can it help us to leave and move on to a new stage in life? The answer is simple and we all know it, but seldom practice it. We must take the experiences of the past and use them to guide us in the future.

To enable all of us to leave gracefully, I want to share with you some of the lessons that I have learned this year, which I hope you will use to guide you in the future.

Near the end of last year, just before Prize Day, when the year's activities were winding down and we started looking on to the next year, I did a lot of thinking and more importantly, some listening. I listened to the students, to the masters and the grads of last year and what I heard was pretty grim. Everyone was talking about how horrible this year was going to be and how we had lost all of our athletes, all of our scholars and the unity of last year. We were doomed before we had begun. I was concerned about this, as a student of SAC, and when I became Head Prefect it became my job to fix it. I thought this attitude was going to be hard to change, but the school surprised me right from the start. The college excelled at everything; we had an excellent Homecoming, an undefeated football team, a good carol service, the best hockey team in Ontario, the best swim team in the ISAA, an excellent Debating team, a great Cadet inspection, a different Mayfest, and the list goes on, but I think I have made my point. What can we learn from all these achievements? First of all; it teaches us that we must never prejudge people because we can never know what they are able to achieve. Secondly, it teaches everyone in the school that we can do anything that we desire and nothing, especially lack of confidence, will stop us. Lastly, we learn how SAC can obtain this amazing record when everything was against us. My only answer to this is that it made us mad to be put down before we had begun, and as every one of our rival schools will tell you, there is nothing more determined than an angry Andrean.

That is the past which we can look back on with pride knowing that we are part of one of the school's best years. It has taught us the lessons that I have talked about and no doubt countless others that we will use to shape the future.

One of the facts of life at St. Andrew's is that the student leaders only have the job for a short period of time. They start off green and by the end of the year they have learned the ropes but must leave the school. The only criticism of this I have is that no one passes this knowledge on, and every year the new leaders start at the beginning again. I can think of no better way to help shape the future of this school and achieve a graceful exit than to pass on what I have learned to next year's leaders. I am addressing all the leaders, not just the new Prefects, and since positions of leadership are abundant at SAC all the boys should listen.

The following are some of the more important lessons that I learned during my year as leader of St. Andrew's. I have tried to follow these points but like all people have failed from time to time. That brings me to my first point;

1) remember that you are young with a job that some adults would have trouble doing, not everything must succeed
2) you can not please everyone with your decisions, so do what you think is right. Be decisive but suspend judgement about an issue until you have adequate information.
3) Listen carefully to and show respect for, the opinions and view of others.
4) Be aware that your own biases and prejudices may distort your preception of the "real situation"
5) Keep your head and your guard up and never admit defeat

BUT

6) learn how to change your position on issues graciously and with dignity when it becomes obvious that your position is wrong.
7) keep things in perspective and do not give undue emphasis to minute and unimportant details, also plan ahead to avoid problems.
8) treat everyone fairly and discriminate against no one
9) listen to anyone with something to say, but use your own judgement in the end to make your decision.
10) lastly, for Joey, it is nice to be important, but it is important to be nice.

I hope that these ten points will give the leaders of next year a head start and will also help all the leaders of the following years. St. Andrew's gives you a great opportunity to test your leadership skills, and I think everyone should try to lead or organise something during their precious time at SAC.

In conclusion, I would like to thank all the people who taught me these valuable lessons so I could pass them on to you. It was a fun year, and I am proud of the school for pulling it off with such style. I hope that the graduating class has succeeded in making a graceful exit, but we will be back!

Good luck to all the leaders of next year and especially to the Head Prefect.

J.W. Plouffe.

DEBATING

Happily there are always highlights which come to mind when one reviews a program as busy and diversified as ours in debating and public speaking. Sometimes there are also major accomplishments which inspire because they will take a deal of emulating, or which help because they signify a growth in the maturity of the program. This year was no exception on both fronts.

A LARGER STAGE

It has been three years since debaters from St. Andrew's last represented us in the provincial and national seminars and always in the past our delegates were in the English-speaking category. This year we won the privilege of attending both seminars and our students competed in all three language categories. A special thank you goes to Ms. Louise Cholette of our French department for her encouragement and support here; sadly she is only going to be with us for this one year. Last year Scott Armstrong led the way into French language debate; this year he was joined by Scott Kelly, Chris Charron, Alex Martin, Gilles Robin and Sean O'Halloran. Scott Kelly and Gilles because of their placings were invited to the provincial seminar which was held over two days in Barrie. Ms. Cholette joined them there along with two of our English language debaters, Kevin Worry and Michael O'Connor. At the same time in May our president, Ivan Lavrence, was taking part in the National Seminar, hosted this year by the province of Ontario. Ivan will speak about his experience later in this report.

WE GO WEST - THEN EAST

Apart from the cut and thrust of ideas one of the most exciting aspects of debating is the opportunity it affords to travel to other parts of the country. In October we got further west than ever before when the Independent Schools Public Speaking Tournament was hosted by Queen Margaret's School in Duncan, B.C. The "we" in this case refers to Steven Dengler, Mike O'Connor and Kevin Worry. On Vancouver Island we shared a van with the delegation from Toronto French School and visited local sights such as Chemanus, known as "The Little Town That Did", and the capital city of Victoria.

In January it was our chance to turn east by train and by bus to Lennoxville, Quebec where Bishop's College School was celebrating its 150th Anniversary in part by the hosting of a special tournament. Our representatives on this occasion were Oliver Herbst, Ivan Lavrence, James Bratton and Adam Avruskin. Memorable features were the deep winter snow drifts all around, the celebrity debate featuring Mme. Manon Venat and Peter Gzowski, and the chance to spend an evening and a morning in the scintillating city of Montreal.

CANADA COMES TO US

Closer to home but no less valuable were all the other tournaments that we were able to attend at schools such as St. Clement's, De La Salle, Jarvis, Cedarbrae, T.C.S., and St. Michael's. Our thanks to these and other schools who were such good hosts to us. Our opportunity to reciprocate came in May when we welcomed debaters and their coaches from

Back Row: R. Ray, Esq., O. Herbst, D. Robinson, G. Nash, L. Morrissey, C. Boyington *Second Row:* K. Cameron, J. Bratton, C. Bona, S. Bryk, B. Ansell, S. Rotstein, A. Avruskin *First Row:* S. Kelly, S. Armstrong, I. Lavrence, S. Nazerali, S. Dengler

across Canada for two days as part of the National Seminar. My thanks to the Ladies Guild for their unhesitating support and to Mrs. Mary Worry in particular who worked out billeting for our 100 guests, and to all who opened their homes and classrooms. The Seminar was over a year in the planning, and to see everything work out so well was very heartening indeed. For each of our two rounds, we staged nineteen debates simultaneously around the school. We were favoured with a perfect spell of weather for relaxation and recreation afterward. The expressions of appreciation we received were many, and I was proud to be associated with St. Andrew's. Bravo, everyone!

FULFORD

Near the top of our priorities each year is our participation in the three Fulford League tournaments. For these we do our most intense preparation and to these we try to send the best debaters that we can lay our hands on. My thanks to Bill Skinner and to John Morrissey for the advice they gave. Without exception we were well represented. Our seniors as a team invariably finished up in the top one third of the 17 schools, but they couldn't overhaul the early leaders, Branksome Hall, or the eventual winners, U.T.S. Our congratulations to them. In the opening frame our spokesman was Bill Ansell, Ivan Lavrence and Sandy Sharma. For the second time out our standard-bearers were Scott Armstrong, Conrad Bona and Mark Ligé. This chapter was closed in term three by Ken Cameron, Steve Dengler and Oliver Herbst. Plaudits go to Ivan and Mark and Ken for their team-leading performance in each case, and to all the seniors for the unselfish way in which they shared their research and expertise with the junior and in-

termediate debaters whom we send to each of these same tournaments. They were the ones to truly distinguish themselves, but they couldn't have done it without help and without the determination with which they responded to a unique challenge.

NOT ONCE, NOT TWICE, BUT . . .

In this second flight of Fulford competition for those who are in training for senior exposure there is now a trophy to go after which is awarded separately each term. In term one we sent Robert Meinzer, Michael O'Connor and Kevin Worry, and they brought back the Bryan Jones Trophy emblematic of a first place team finish. In term two it was the turn of Rod Boothby, Curtis Boyington and Derek Robinson and they responded to the challenge with enthusiasm. Once again at the end of the day the Jones Trophy found its way back to St. Andrew's College. In term three we looked to Scott Bryk, Sean Nazerali and Steve Rotstein. They knew the odds were stacked against them, but they were equally not to be outdone by their confreres if they could help it. The tabulations took place, the announcements were made and they found themselves in second place. Assuredly they didn't know whether to be sad or glad -- to have come so close and yet to feel so far! The story has an unexpectedly happy ending because it was soon discovered that a mistake had been made in evaluating the scores, and in due course the same trophy once again found its way to its temporary home with us. An achievement like this defies expectations and will be very difficult to emulate. In the meantime we are very proud of what these nine young men accomplished and we feel very heartened to know that they will be continuing to represent us in the coming years.

SOCIALIZING

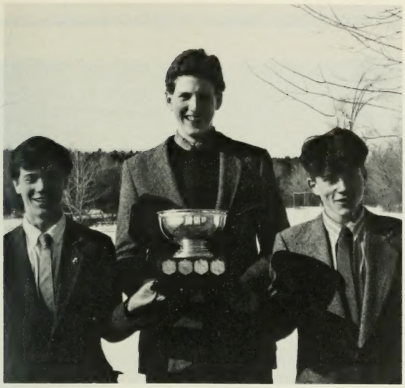
It is appropriate to recognize the contributions made by the members of this year's executive under the quiet and firm leadership of Ivan Lavrence. Steve Dengler looked after communications with other schools in the critical early months of the year and he did his best to foster the cause of social debating. In his direct and off-the-wall way he wrote in the early days to a lot of schools with whom we thought we might be able to have informal contacts. It was disconcerting to discover how many simply didn't bother to reply and we appreciate all the more those who did. We initiated what we hope will be an ongoing series of debates with Holy Trinity and Georgetown and we continued hour home-and-home tradition of meets with St. Mildred's-Lightbourn.

In charge of the intra-mural debating program was Scott Armstrong with assistance from Grant Nash, Sean McConkey, Bill Ansell and Conrad Bona, each representing one of the four senior houses. Twice each term debates took place across the school on topics, sometimes serious -- the retention of the death penalty -- sometimes humorous -- the pros and cons of the tarantula over the giraffe as a potential pet. In line with recommendations from last year's executive changes were made in the format of the debates which made for more appreciative houses. In addition one morning assembly featured a very lively battle of the sexes with a team of courageous young ladies from Branksome. Ken Cameron and Adam Avruskin were perhaps less than gallant in promoting the need for a woman prime minister in Canada!

UP AND COMING

One of the most important tasks undertaken by any executive is the nurturing of interest and instruction of the debaters of the future. Special thanks go to Oliver Herbst and Kevin Worry for the time they spent with our juniors. Ivan and fellow executive members put on the annual "RoundRobin" tournament for our juniors and many of these had the opportunity to do one interschool event as well. Here are some of the names of which you will be hearing more in years to come: Tim Morrissey, Elyot Waller and Jhad Friesen, all of grade seven; Paul Arhanic, Gene Cheung, Allan Best, Marc Munk, Liam Robinson, Michael Worry and Ian Michael, all of grade eight; Ashley Newall, Paul Randlesome, Dan Fong, Richard Chin, Merlin Robinson, Jeff Chong, Mark Umphrey, Nick Pairaudeau and Andrew Tzembelikos, all of grade nine; Blair Leggett, Ron Kopas, Ted Shaw, Rob Duguid and Wilf Dinnick of grade ten. These lists are by no means comprehensive; there is room for a good many more; the future is full of promise.

The last duty for the graduating members of one year's executive is to put together the central members of the team who will take over from them, so that there can be continuity and direction right from day one. I am happy to report as a result of their deliberations that four offices have been very capably filled. Oliver Herbst will be the next President, assisted by Adam Avruskin in charge of social debates, Kevin Worry in charge of



intramural debates, and James Bratton in charge of the junior program. None of these jobs can be done unaided and the balance of positions will be filled next fall.

FINAL FESTIVITIES

One other feature of the end of the year was an overnight party for those who could make it at the home of Steve Dengler, complete with commando raids, capture the flag sorties, and lots of food and fun. In addition to the grade thirteeners already mentioned we bid farwell to John Dingwall, Liam Morrissey, Martyn Bone and Mark Davidson. We thank them for their contributions over the years. On Prize Day the Mitchell Prize for special proficiency at the intermediate level was presented to Sean Nazerali. He is to be specially commended for his performance in the Winston Churchill Public Speaking Competition where he made it through to the medal round. The Brooks Cup was awarded to our outstanding senior debater, Ivan Lavrence. To him will go the job of closing this year-end review. Thank you, Ivan and everyone! (R.R.)

IVAN ON THE NATIONALS AND BEYOND

It was a thrill to be chosen as a delegate to this year's National Debating Seminar. Although I didn't get to travel to another part of Canada, I know that my chances of being selected were better because we in Ontario supplied debaters for the provinces and territories which couldn't field a full team. And I didn't have to play a key part in the running of the two days of activities here at St. Andrew's! The seminar ran from May 2 to May 9 and involved six rounds of debate on the subject of minority rights and the media. There were two rounds each in cross-examination, parliamentary and academic styles of debate. If I had to single out the highlights or the most memorable experiences, that would be difficult because most of the week could be described as such. While the tours of the sights of Toronto and the long bus ride to Niagara at the crack of dawn were not overly exciting for me, and the preparation time before each round was heightened by knowledge of the calibre of competition, all the same I can't think of anyone who didn't have a great time. The freetime in Niagara-on-the-Lake, the evening when nearly everyone went to see Laser Genesis at the Planetarium, and the model Parliament on the last day are as close as I can come to deciding on specific highlights. And there was a final banquet in Toronto in the presence of our own Lieutenant-Governor. I was glad to represent St. Andrew's and Ontario at this important annual event. I could not think of a better climax to four years of debating at this school, and want to thank Mr. Ray for his patience and help over this period. I hope it won't be too long before someone else from here can attend the Seminar -- it's an experience you will remember for a long time. Good luck to all of you! (I.L.)

INTERNATIONAL AFFAIRS CLUB

This year the Club undertook a new and special venture, which proved to be a great success. One of our senior students, in good academic standing, was given permission to apply to participate in the annual Canadian Institute of International Affairs Study Trip. These trips have been organized in the past by the Institute to increase members' intellectual and cultural knowledge of major nations and continents overseas. Mark Fell was nominated by us and accepted by the Institute to join the 1987 Study Trip to the Soviet Union (May 19-June 6). He joined sixty C.I.I.A. members whose trip to Trans-Caucasia and Central Asia, organized by the C.I.I.A., the Canadian Department of External Affairs, and the Canadian Embassy in Moscow, took them to such places as Baku, Tashkent, Bukhara, and Alma Ata.

As well, the Club continued its regular activities. Our speakers program, though reduced this year by unforseen circumstances, permitted nine interested students to hear Archbishop Scott, former Anglican Primate of Canada and now a member of the Eminent Persons Group on South Africa, speak on that country; and, at a different session, the representative to Canada of the African National Congress address the same topic. Four students (Robe Dubé, Phil Gestrin, Scott Kelly and Jared Seaman) attended sessions at the Terry Fox Canadian Youth Centre in Ottawa; Steven Dengler was chosen to study the processes of Canadian government at The Forum for Young Canadians held in Ottawa, May 9-16; and Scott Armstrong represented S.A.C. in the Metropolitan Toronto Model Parliament.

EN FRANCE

I'm sure that the other boys, like myself had a feeling of uncertainty and fright when they finally realized that they were off to France, and that they would have nobody to remind them to brush their teeth or make their beds. I'm sure all of us who went to France came back a couple of years older.

The SAC in France program is such a wonderful experience I would recommend it to almost anyone. You are put in a situation where you have to communicate with new people in a new environment, in a foreign country. You don't even speak the language. It sounds hard and believe me it is. But you have to do it to survive.

In France, we have the opportunity to learn a foreign language (if we work at it), but we also have the chance to learn about ourselves. I learned much during my stay in France and I met many nice people. My six months in France was the time of my life, and I think anybody else who has the chance to go should take it without hesitation. It's the chance of a lifetime.

I would also like to take this opportunity to thank everyone and anyone who helped to make this year's SAC in France program possible.

GEOGRAPHY IN SPAIN

Mr. Halstead's Grade 10 geography trip to Spain was one of the most memorable events during the year for the boys who went. We landed in Madrid and toured our way down to Costa del Sol on the Mediterranean. We stayed at several places along the way and experienced what we had previously learned in class.

After a week of watching bullfights, eating exotic Spanish foods and hard touring, we enjoyed our last days on the beaches. I hope in the future others will take this excellent opportunity.

KISS ME
KATE
Music and Lyrics by
COLE PORTER
Book by
Sam and Bella Spewack

This year's musical was chosen to be "Kiss Me Kate", written by Cole Porter, the same man who wrote "Guys and Dolls", one of St. Andrew's many past musical successes. This year's play brought new challenges in the various fields of choreography, music, lighting and stage work.

The directing team of Clements and Clements once again pulled through with great success. The knowledge and practice of the legendary Count made the show sound good, as well as look good. The expertise and drive of Mrs. Clements will be undoubtedly be sorely missed next year. In the eyes of all the cast, however, no fun could have been accomplished without the aid of Morgan, the junior member of the Clements' trio.

With many of last year's stage crew graduating last June, this year's stage crew looked dismal indeed. Yet with the aid of an untiring and relentless Mr. Halstead, the crew became a unified and efficient working unit. Much hard work and penny-pinching brought us what many considered to be the best, and the cheapest stage design in years. The superb backdrop work owes everything to the painstaking care and unending efforts of Rob Saley, Steve Macdonald and Gord Kemp. The lighting effects owe much of their success to Brian Fordham, who took time this year to train Fergus Prentice and Sheldon Rodriguez to take over after his graduation.

A special congratulations must go to producer Sandeep Sharma and his two assistants Chris Hind and Ian Howey whose organized seating arrangements made this year's front of house the smoothest ever.

The team this year was made up of two types of people - the West Indian Beach cricketer and the young Canadian cricketer. Under the guidance of Michael Chen Young this motley crew bolstered by a positive attitude and a carefully manicured grass wicket enjoyed considerable success. Our victories against Appleby, Castle Frank and Lakefield came at home. Our defeats were suffered in away fixtures. Certainly new talent was unearthed this season. Govin Permanand is a leg breaker bowler who will win matches because of his unorthodox style and the degree to which he spins the ball. Joe Morin is a swing bowler who defies the laws of physics by the amount of movement he can achieve in the air. What was often lacking was batting. Although Roger Collins, Jason Macfarlain, Michael Chen Young and Mark Manze were capable batsmen one could never be certain which of them would be successful on any given day. First Cricket '87 produced a great deal of enjoyment, a considerable development of cricketing personnel and a continuous running commentary on events from the broadcast booth by Mr. Johannes Bjerkam Esq. The cricketers of 1987 have left the sport in good shape at Saint Andrew's College. Perhaps they have understood the secret, that cricket like history is what you make of it.

Five games and six weeks is such a short season. There was much enthusiasm and the fielding was strong. McKague has a very effective throwing arm and Mantrop is fearless and capable close in. Robinson and Burt were the effective bowlers and Riopelle showed great potential. We found it difficult to score runs, however. At this level batting is becoming a serious business and footwork and a straight bat are essential. Robinson showed that he is learning day by day and was our most competent with the willow. Practice time is ever so short and the nets are in constant use. Please Santa, can we have a bowling machine?

We beat Appleby and Upper Canada - always good scalps to take.

Rugby 86-87

With only a handful of veteran colours returning this year, we had to scout some new talent in order to be competitive. The club was fast, talented and enthusiastic, all we lacked was experience. The exhibition games were played well and with a few desisive wins under our belt, things looked bright for our young team. The highlight of these wins was the match against the Old Boys in which we showed our strength, power and also our intelligence by starting the game at 10:00 am, (most Old Boys had not seen that side of Saturday morning in years). It was now on to our regular season. The beginning was rocky with two crippling losses to Appleby and U.C.C. After these, however, came our finest hour at T.C.S. With everything against us, (the score and the Ref.) we came back mad, and played our season's most memorable 20 minutes of rugby. The matches against Crescent and Ridley were just as well played. After a bad start the club showed the Andrean spirit and played even harder, for which everyone can be proud. My thanks and the club's thanks to Mr. Swan for his coaching and support all term and a special thanks to Mr. Kitchen for his years of dedication to the game at S.A.C. both on the field and off.

The number of candidates for this team was tremendous and on paper we looked very strong. The only area of "random chance" at this level is physical size - some years you field a team of giants and other years it is a team of pygmies. I thought that we had a fairly big team but our brother schools had obviously been fattening their players over the long winter and we thus found ourselves a little out-gunned when we took to the field.

However we did not want for that intangible called heart/intestinal fortitude/guts. Whether or not we were ahead or behind (usually the latter) we never quit and I was immensely proud of them.

Many members of the team will be eligible for play at this level next year, and some are strong candidates for a place in the 1st XV. My thanks to Ted Shaw for his leadership as captain - he was the epitome of sportsmanship.

This has probably been the promising team fielded in recent years. With fewer injuries and a little bit of luck this could have been an undefeated season. However we ended up sporting a 2-3 record in regular season play.

From the outset we carried a squad of 25 boys of whom only three had played before. They worked hard in practice and learned the basics very quickly.

Our main strength was in the three-quarter line where speed is essential. We certainly had that, and the kicking game, especially from stand-off and inside centre was at times superb, due largely to the fact that most of these boys are soccer players.

One of the highlights of the season was the second match with UCC. In pre-season we played to a 4-4 tie. The following weekend we met again where we won 22-0, Jeff Metcalfe scoring a hat-trick.

This has been a most encouraging season and I thank all those who contributed. I look forward to even more success next year with more than 14 boys returning.

The highlight of this year's team was the winning of the boys division of the York Region schools. Best individual effort goes to Nick Tsioros with his fourth and fifth positions at O.F.S.A.A. in the 3000 and the 1500 m respectively.

The juniors were well bouyed up by Rob Devitt and Andrew Proudfoot, and the midgets were anchored by Mark Major who earned a berth in the O.F.S.A.A. high jump. Many other members of the team demonstrated considerable talent but a serious lack of structure to the team this term contributed to a very mediocre result.

Thanks must go to Conrad Bona who tried at times to raise the team's performance. I must also thank Mr. Rejean Grenier for his very thorough training programme in the weights and supervision of the athletes.

U16'S

Senior Tennis went for a ride on the Wonderland Bat. We started right at the top, winning the Early Bird Doubles tournament with the loss of only two matches out of fifteen. Then we went backwards on the road to lose at UCC and Appleby. Next it was downhill as a couple of fixtures were cancelled. But we whirled into the closing tournaments where the Second Team avenged itself on Appleby and finished perhaps fourth, whilst the First Team played tough and won the Silver (a euphemism for second place).

The Under 16's had a number of keen players like Shane Manning and Corey Williams - we will have to make sure they have a full fixture list next year. The Seconds had plenty of bench strength, but it wasn't till the end that Chris Gore came through as a Singles player. The Firsts were strong enough to win everything in most years: Mike Ross and Chris Kelly (MIP) made a forceable pair; Ron Reardon returned from leaping to play many stylish and some silly shots; Ben Woo at #2 was his normal hyperaggressive self, unbeaten till the final day; and Corey Anquetil recovered from hockey elbow to play the captain's role at #1 and win the MVP.

Almost sixty boys turned out for senior tennis; many were uncuttable in their enthusiasm. Good tennis players propped up other school teams like golf. The sport flourishes.

Our roller-coaster ride climaxed on the minibus back from Appleby. With daredevil 'Chuck' at the wheel, we swerved across the lanes, cut off transport trucks, won a drag race away from the lights in King, ranaway with the driver outside, and ignored the red light at Wellington. On arrival, the boys kissed the ground like the Pope.

KAYAKING

This year the kayak team had a very active season of 7 slalom and 5 downriver events taking us all over Ontario. The downriver events gave us the opportunity to practice our Hot-Dogging skills of surfing, hole-riding, enders and pirouettes. Initially we were last in our slalom events, but by the end of the season team members had shifted into the top 10 in Ontario meets and the top 5 in ISAA meets. The highlight was our team slalom event at the ISL final where Jeff, Tim and Brad won the silver medal.

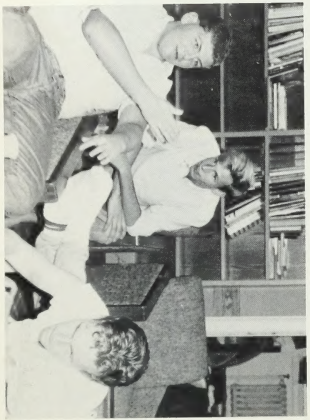
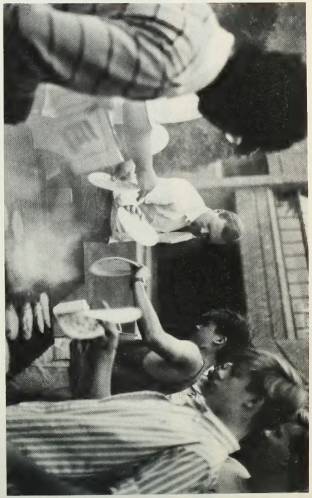
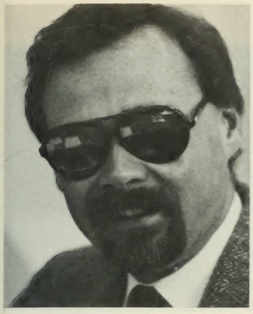
MEMORIAL







Life in Memorial House during 1986-87 was certainly varied and interesting, if not downright warped. Colourul characters, from the always absent McElroy, to the ever present Louis, created a year that few will ever forget. Household events, such as the House Plays, Blue Jays Game, and our many barbeques and sleep in breakfasts demonstrated the house's ability to pull together when needed.

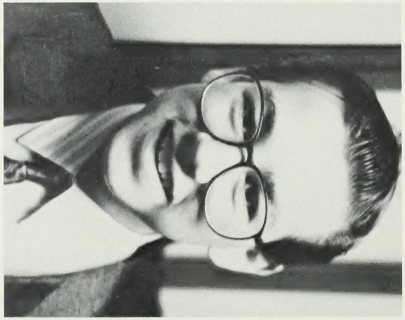
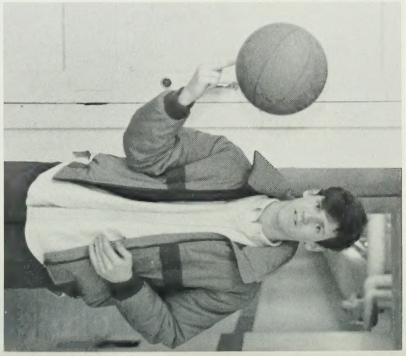
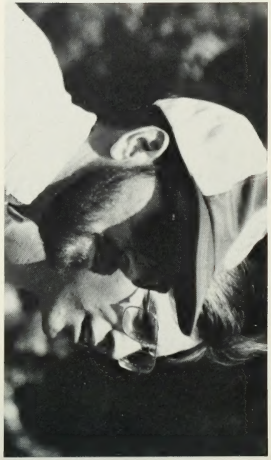
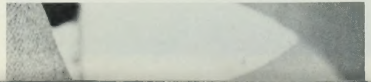
RAMSEY









From the start of the Year, Mr. Jackson has been blessed with the talent within this house. From October's cross-country run, to June's track and field, the members of Ramsay House have skillfully exposed themselves as the cream of the crop. Although these activities center around athletics, our house was pleasantly noticed in drama, cadets, academics and various extracurricular activities.

Our house graduates have left a permanent mark on our school's successes in all of these areas. In their leaving, new opportunities are open for the younger members of the house in which to excel.

In being chosen as the most suitable house for the Housser Trophy, other houses will unfavourably remember that this was not the result of blind luck. It's been a great year guys, but remember: the past is simply that, the past, but the future is what you make it.

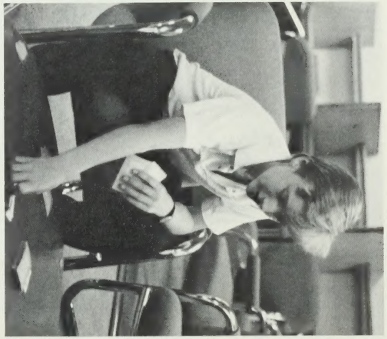
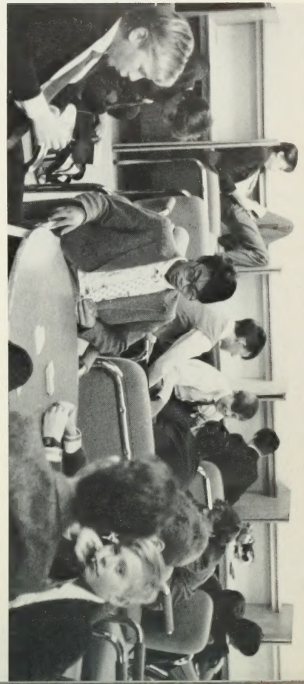
LAIDLAW

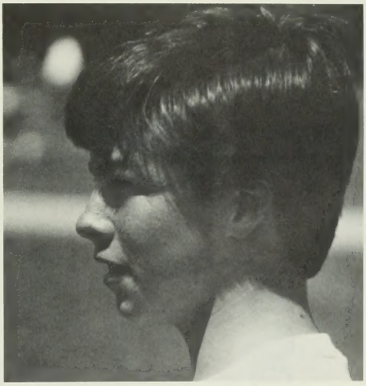


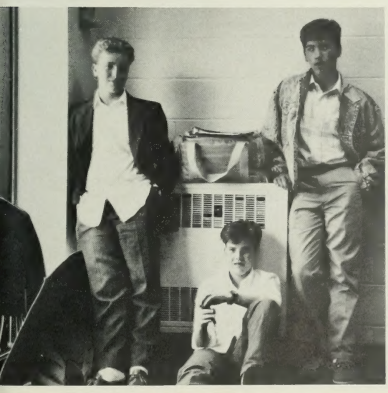


The vital element for success as a Day Student at Saint Andrew's College is commitment. Of the 55 Junior Day Students in Laidlaw House a very large percentage were willing to commit an enormous amount of time and effort to their school in the classroom, on the sports field and in the debating chamber. It was sad to see that a small minortiy did not put their time and energy to positive use. The degree to which the commonroom was vandalised this year was criminal and ante-social. The connection between the destruction of property purchased by the school for the use of Laidlaw House and the fashionable idea of ANARCHY or breaking all rules was certainly made in the minds of some of our students. What these young men did not realise was that they were destroying themselves and their own facilities.

The students of Laidlaw possess incredible potential. The degree to which this potential was fulfilled can be seen in the victory of the new Day Boy Clan Robertson in the Junior Clan Competition for the Hockin Trophy. I wish my successor Mr. David Whitehead and the students of Laidlaw House all the best in the years to come.

Peter Robinson
Housemaster





MACDONALD

Another year has come and gone for the boys of Macdonald House. The end of the year also marks the end of the housemastership of Mr. T.E. Harrison. For seventeen years, Mr. Harrison has made Macdonald House a better place for our young boys to start their SAC career.

When he first arrived many rooms contained seven or eight beds with four man rooms being the luxury suites. Now our largest rooms hold the four boys. Similarly, recreational facilities have been upgraded considerably.

More importantly, Mr. Harrison fostered in the boys of Macdonald House; honesty; self-discipline and respect for others, qualities which started these boys off to fine residential experiences at our school. I am honoured to have served as his assistant for the past six years and feel assured that my job next year as the housemaster will made much easier as a result.

To the boys of Macdonald House, thanks to most of you for your efforts in all aspects of school life. Special mention should be made to the Edith Grant winner, Nick Pairaudeau, and the King Trophy winner, Jeff Metcalfe. All the best next year to the members of the house. I hope that the past year has been a memorable and an enjoyable one.

Considering the effort and time allocated to cadets this year, I think it is time to look back over what the cadet corps has meant and still means to St. Andrew's.

The corps was founded in 1906, when the school was still in Rosedale, and was commanded by Cdt. Lt. Vincent Massey. It taught the students drill and self discipline, much like today. This continued until World War I when the cadets were put through military training to prepare them for war. The boys who did go to war distinguished themselves as courageous fighters and, more importantly, excellent leaders. After the war, the cadet corps returned to being a show corps and drilled twice a week after school. This continued until World War II when the 142 became a highly disciplined military unit, practicing every morning for a half hour before chapel. It was then, that the idea for speciality training evolved. The cadets were able to join elite groups, the most elite being the Ski platoon, along with regular heavy military tactics training. After the war was over we kept the special platoons and intergrated them into the Royal Canadian Army Cadet program. The 60's showed a great reluctance to cadets and, without the help of the Andrean community, the final parade would have failed, twice. The 70's saw the removal of all our weapons, because of the October Crisis, and the move towards what cadets are like now. In recent years we have had a new phase in our development, with cadets entering the star program and the second term cadet group. It is obvious that cadets has undergone changes, but has and always will play an important role at St. Andrew's.

In closing I would like to thank Maj. Wilkie for his years of service and welcome Capt. Jackson as our new commander. I would also like to thank Cdt Maj. Walden and Davidson for their fine work and, of course, the person with the hardest job of all Cdt. C.W.O. (R.S.M.) Bill Ansell.

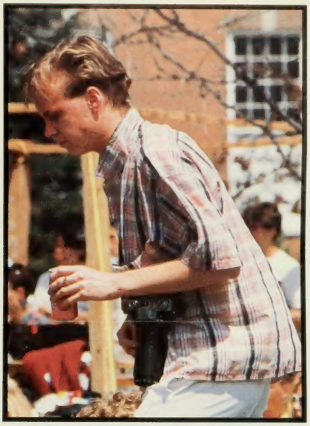
REVIEW STAFF



From the beginning of the school year, the student body and staff look forward with anticipation to the arrival of the Review. When it finally does arrive there is much laughter, appreciation and criticism as the book is scrutinized from cover to cover. The initial excitement may last for only a few days, but the Review is brought out again and again as a source of reference.

For those who work on the Review, its arrival marks the end of a long year of gathering articles and photos, designing pages, finding advertisers and checking proofs. But no sooner has the book arrived than another year's book has gone into production.

This is the sixth book I have worked on as staff advisor. Over the years, I've found the job to be challenging, exhausting and rewarding. But the job was always much less of a burden when a reliable and dedicated editor helped to share the load and when enough students volunteered what little spare time they had to help out with even the most menial tasks.

Unfortunately, this year, for the first time in many years, the Review lacked an editor, and although many students offered to help, very few found that they could spare the time.

On the other hand, we had a fine team of photographers under the talented leadership of Mark Fell so the book has not suffered in photographic quality. Those who did find some time to help, namely, Ken Cameron, Bill Ansell, Rob Dube, Michael O'Connor, Kevin Worry and Craig Dingman, your efforts were much appreciated. Again, this year we had difficulty in obtaining articles from several people which explains why some of the grad comments and team articles are missing. However, despite these problems, I believe we have produced another quality yearbook. I'm sure that my successor, Mrs. Kathleen Carson will add yet another dimension to the book and bring some fresh ideas to the Review. I wish her the best of luck, and I hope that she will receive the student help which is vital to the success of any school yearbook.

Designing a mine requires more than just a sharp pencil...

At Dynatec it means having the experience to carry out engineering work and provide a quality service at the level of engineering required. From feasibility, preliminary, definitive to final detailed design. Dynatec's intent is to provide engineering support on a long or short term basis.

Dynatec is also a successful contracting firm complete with its own equipment and a proven track record in mine development. They use the collective experience from contracting and engineering personnel to provide practical cost effective engineering solutions.

Whether it be final design of an underground mining system, selection of mining equipment, preparation of specifications, shaft and hoisting system designs, or any other mining problem, Dynatec has more than just a sharp pencil.

Successful mining engineering begins when Dynatec begins.

If You Want Our Advice . . .

Since Thomas Cook first took a group of interested parties to Switzerland from Victorian England, thus inventing the escorted tour, people have had a keen interest in seeing how the other half live. At the turn of the century, it was unusual for anyone to have been to another city let alone have the opportunity to travel to another country.

It was Oscar Wilde who thought the railways a terrible mistake because it "encouraged the lower classes to travel about needlessly". He would not have approved of the annual lemming like exodus of Canadians to southern climes every winter.

There's no doubt that foreign travel used to be an expensive luxury afforded by only an affluent few. These days, most Canadians have come to expect it as a well-earned and important part of their lifestyle. Because the cost of travel has remained fairly static in relation to the cost of living, more people can afford to travel. It's become 'Big Business'.

For some reason, it has also become complicated. Excursion fares, night flights, charters, family plan, seat sales, book early, Last Minute, stand by, package, dollars at par, frequent flyer plans etc., etc., etc. That's were we come in. The staff at Meridian Travel have over 45 years of combined travel experience to know the best value for your important travel plans. We'll take the time to discuss and recommend from the many alternatives available. In a lot of cases, we've been there and can advise from personal experience. We know the hotels to choose and which company offers the best value.

We offer the very best of service in all areas of travel planning or counselling and the good news is that it costs no more to book your arrangements with us.
